DreamWorks Animation Sam Summers, 2020-06-30 DreamWorks is one of the biggest names in modern computer animation, a studio whose commercial success and impact on the medium rivals that of Pixar and yet has received far less critical attention. The book will historicise DreamWorks' contribution to feature animation while presenting a critical history of the form in the new millennium. It will look beyond the films' visual aesthetics to assess DreamWorks' influence on the narrative and tonal qualities which have come to define contemporary animated features, including their use of comedy, genre, music, stars and intertextuality. It makes original interventions in the fields of film and animation studies by discussing each of these techniques in a uniquely animated context, with case studies from *Shrek*, *Antz*, *Kung Fu Panda*, *Madagascar*, *Shrek Tale*, *Bee Movie*, *Trolls* and many others. It also looks at the unusual online afterlife of these films and the ways in which they have been reappropriated and remixed by subversive online communities.

The Dead Celebrity Cookbook Frank DeCaro, 2011-10-03 If you've ever fantasized about feasting on Frank Sinatra's Barbecued Lamb, lunching on Lucille Ball's Chinese y Thing, diving ever so neatly into Joan Crawford's Poached Salmon, or wrapping your lips around Rock Hudson's cannoli, and really who hasn't hold on to your oven mitts! In *The Dead Celebrity Cookbook*, A Resurrection of Recipes by 150 Stars of Stage and Screen, Frank DeCaro, the flamboyantly funny Sirius XM radio personality best known for his six and a half year stint as the movie critic on *The Daily Show* with Jon Stewart, collects hundreds of recipes passed on from legendary stars of stage and screen, proving that before there were celebrity chefs, there were celebrities who fancied themselves chefs. Their all but forgotten recipes, rescued from out of print cookbooks, musty biographies, vintage magazines and dusty pamphlets, suggest a style of home entertaining ripe for

reexamination if not revival while reminding intrepid gourmands that for better or worse Hollywood doesn't make celebrities or cooks like it used to. Starring Farrah Fawcett's Sausage and Peppers, Liberace's Sticky Buns, Bette Davis's Red Flannel Hash, Bea Arthur's Good Morning Mushroom Tomato Toast, Dudley Moore's Crème Brûlée, Gypsy Rose Lee's Portuguese Fish Chowder, John Ritter's Famous Fudge, Andy Warhol's Ghoulish Goulash, Vincent Price's Pepper Steak, Johnny Cash's Old Iron Pot, Family Style Chili, Vivian Vance's Chicken Kiev, Sebastian Cabot's Avocado Surprise, Lawrence Welk's Vegetable Croquettes, Ann Miller's Cheese Soufflé, Jerry Orbach's Trifle, Totie Fields's Fruit Mellow, Irene Ryan's Topsy, Basingstoke Klaus Nomi's Key Lime Tart, Richard Deacon's Bitter and Booze. And many other meals from breakfast to dessert.

Going for Broke Jeffrey W. Dement, 1999. Closely analyzes over 20 films of the past five decades that either deal directly with compulsive gambling or contain characters who are compulsive gamblers.

Keeping Score Alvin H. Marill, 1998. In this update containing more than 7300 individual entries on the stars of scoring for film and television, *Keeping Score* presents the credits for the full-bodied symphonic masterworks from primarily English language films, though a substantial number of French and Spanish films that have become popular in international markets are also included. The reader or researcher can locate the musical score by searching in a variety of easy ways: under the composer's name, by the title of the film, or by the year of the film's release. Included is a complete collection of composer award list winners of the Oscars, Emmys, ACE Awards, and the Golden Globes. Additionally, the book includes a selective discography of film and television soundtracks and music scores.

Drawing the Line Tom Sito, 2006-10-06. Some of the most beloved characters in film and television inhabit two-dimensional worlds that spring from the fertile imaginations of talented animators. The movements, characterizations, and settings in the best animated films are as vivid as any live-action film, and sometimes seem more alive than life itself. In this case, Hollywood's marketing slogans are fitting: animated stories are frequently magical, leaving memories of happy endings in young and old alike. However, the fantasy lands animators create bear little resemblance to the conditions under which these artists work. Anonymous animators routinely toiled in dark, cramped working environments for long hours and low pay, especially at the emergence of the art form early in the twentieth century. In *Drawing the Line*, veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit. The former president of America's largest animation union, Sito offers a unique insider's account of animators' struggles with legendary studio kingpins such as Jack Warner and Walt Disney, and their more recent battles with Michael Eisner and other Hollywood players. Based on numerous archival documents, personal interviews, and his own experiences, Sito's history of animation unions is both carefully analytical and deeply personal. *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry's past, present, and future. Like most elements of the modern commercial media system, animation is rapidly being changed by the forces of globalization and technological innovation. Yet even as pixels replace pencils and bytes

replace paints the working relationship between employer and employee essentially remains the same In Drawing the Line Soto challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form
