genre as far more than a case of importation of Western and non Ottoman cultural productions but rather as a vehicle for the cultivation of indigenous modern subjectivities Turkey and the World Sedat Laçiner,2001 **Turkey and the United States** Richard C. Company,1986-08-05 This volume examines the impact of the arms embargo imposed by the United States against Turkey in 1974 The author concludes that the arms embargo as a tool of influence did not achieve the desired results for two reasons First the arms embargo while widely used by the United States almost never had the intended effect on the policies of the targeted state Second Turkish concerns about the nature of their relationship with the United States were exacerbated by the stress of the embargo United States insensitivity to Turkish history and culture and Turkey s inability to understand American policies contributed greatly to the difficulties faced by the United States and Turkey in maintaining an alliance relationship during the embargo period **Uralic and Altaic Series** ,1977 We Have No Microbes Here Sylvia Wing Önder,2007 Examining traditional metaphors used to describe the body and its suffering this study situates a Turkish Black Sea village community in expanding networks of labor migration and medical technologies as well as within international discourses on science and religion BOOK JACKET Études balkaniques ,1994 Anatolia's Loom Paul J.
