The Continuity of Madhyamaka and Yogācāra in Indian Mahāyāna Buddhism Ian Charles Harris, 2023-11-27 In the past European scholars have tended to treat both Madhyamaka and Yogācāra as separate and fundamentally opposed trends in Mahāyāna Buddhist thought Drawing heavily on early textual evidence this work questions the validity of such a Mahāyāna schools hypothesis By down playing the late commentarial traditions the author attempts a general reappraisal of the epistemological and ontological writings of Nagarjuna Asanga and Vasubandhu He concludes that the overlap in all areas of doctrine is significant but particularly with respect to the teachings on the levels of truth the enlightened and unenlightened states the status of

language and the nature of reality It is hoped that such investigations may provide the basis for a new theory on the proliferation of Indian Mahayana Buddhism as an organic process of assimilation to new audiences and specific contemporary problems rather than in the more schismatic manner favoured by past researchers [Original Perfection](#) ,2013-07-22 These early foundational Dzogchen texts clear lyrical and rich in metaphor were smuggled into Tibet in the eighth century on white silk written in goat milk ink that would become visible only when exposed to heat These five texts are the root of Dzogchen practice the main practice of the Nyingma school of Tibetan Buddhism Vairotsana a master among the first generation of Tibetan Buddhists reveals here a truth that is at once simple and deeply profound that all existence life itself everyone one of us is originally perfect just as is Keith Dowman's sparkling translation and commentary provide insight and historical background walking the reader through the truths encountered in this remarkable book [Naropa's Wisdom](#) Khenchen Thrangu,2020-01-21 Accessible and practical teachings on the life of Naropa with verse by verse commentary on his two most important Mahamudra songs by a contemporary Karma Kagyu master Naropa is one of the accomplished lineage holders of the Mahamudra tradition of Tibetan Buddhism In this book Khenchen Thrangu Rinpoche a beloved Mahamudra teacher first tells the extraordinary story of Naropa's life and explains its profound lessons He follows this with lucid and practical commentaries on two of Naropa's songs of realization explaining their precious instructions for realizing Mahamudra the nature of one's mind Throughout Thrangu Rinpoche speaks plainly and directly to Westerners eager to receive the essence of Mahamudra instructions from an accomplished teacher *The Garden of Reality* Roland Faber,2018-06-20 The Garden of Reality contemplates the relativity of religious truth religious pluralism transreligious discourse postmodern cosmology and multireligious mysticism Its transreligious approach aims at a future multireligious peaceful society in an ecological and cosmic context It proposes that the future of humanity is bound to conviviality with itself and the Earth that the deepest religious motivations of existing together are relative to one another and that transreligious relativity is essential to the conviction of religions that their motivations experiences and conceptualities are meaningful real and true By engaging diverse voices from poststructuralism to Sufism Dzogchen and philosophical Daoism from conceptual frameworks of Christianity and Hinduism to mystical and postmodern cosmology current cosmopolitanism and interreligious and interspiritual discourses but especially understudied contributions of process thought and the Bahá'í religion this book suggests that multireligious conviviality must listen to the universal relevance of a multiplicity of minority voices Its polyphilic pluralism affirms the mutual immanence and co creative nature of religions and spiritualities with the universal insistence of divine or ultimate reality in the cosmos Embracing a relativistic and evolutionary paradigm in an infinite cosmos of creative becoming religions must cope with events of novelty that disturb and connect transcend and contrast the continuum of their truth claims but must avoid conflict as religious diversity is enveloped by an ever folding landscape of ultimate reality *In Praise of Dharmadhatu* Nagarjuna,Rangjung Dorje,2021-06-01 Nagarjuna is famous in the West for his

works not only on Madhyamaka but his poetic collection of praises headed by In Praise of Dharmadhatu This book explores the scope contents and significance of Nagarjuna s scriptural legacy in India and Tibet focusing primarily on the title work The translation of Nagarjuna s hymn to Buddha nature here called dharmadhatu shows how buddha nature is temporarily obscured by adventitious stains in ordinary sentient beings gradually uncovered through the path of bodhisattvas and finally revealed in full bloom as buddhahood These themes are explored at a deeper level through a Buddhist history of mind s luminous nature and a translation of the text s earliest and most extensive commentary by the Third Karmapa Rangjung Dorje 1284 1339 supplemented by relevant excerpts from all other available commentaries The book also provides an overview of the Third Karmapa s basic outlook based on seven of his major texts He is widely renowned as one of the major proponents of the shentong other empty view However as this book demonstrates this often problematic and misunderstood label needs to be replaced by a more nuanced approach which acknowledges the Karmapa s very finely tuned synthesis of the two great traditions of Indian mahayana Buddhism Madhyamaka and Yogacara These two his distinct positions on Buddha nature and the transformation of consciousness into enlightened wisdom also serve as the fundamental view for the entire vajrayana as it is understood and practiced in the Kagyu tradition to the present day Mining for Wisdom within Delusion Karl Brunnholzl,2013-01-08 Maitreya s Distinction between Phenomena and the Nature of Phenomena distinguishes the illusory phenomenal world of sa s ra produced by the confused dualistic mind from the ultimate reality that is mind s true nature The transition from the one to the other is the process of mining for wisdom within delusion Maitreya s text calls this the fundamental change which refers to the vanishing of delusive appearances through practicing the path thus revealing the underlying changeless nature of these appearances In this context the main part of the text consists of the most detailed explanation of nonconceptual wisdom the primary driving force of the path as well as its ultimate result in Buddhist literature The introduction of the book discusses these two topics fundamental change and nonconceptual wisdom at length and shows how they are treated in a number of other Buddhist scriptures The three translated commentaries by Vasubandhu the Third Karmapa Rangjung Dorje and G Lots wa as well as excerpts from all other available commentaries on Maitreya s text put it in the larger context of the Indian Yog c ra School and further clarify its main themes They also show how this text is not a mere scholarly document but an essential foundation for practicing both the s tray na and the vajray na and thus making what it describes a living experience The book also discusses the remaining four of the five works of Maitreya their transmission from India to Tibet and various views about them in the Tibetan tradition **Buddhist Revivalist Movements** Alan Robert Lopez,2016-11-14 This text provides a comparative investigation of the affinities and differences of two of the most dynamic currents in World Buddhism Zen Buddhism and the Thai Forest Movement Defying differences in denomination culture and historical epochs these schools revived an unfettered quest for enlightenment and proceeded to independently forge like practices and doctrines The author examines the teaching gambits and tactics the methods of practice the place and story

line of teacher biography and the nature and role of the awakening experience revealing similar forms deriving from an uncompromising pursuit of awaking the insistence on self cultivation and the preeminent role of the charismatic master Offering a pertinent review of their encounters with modernism the book provides a new coherence to these seemingly disparate movements opening up new avenues for scholars and possibilities for practitioners *Mindfulness, Meditation, and Mind Fitness* Levey, Joel, Levey, Michelle, 2015-04-01 The Leveys introduce readers to dozens of mindfulness and meditation techniques skillfully organized into five categories of practice making Mindfulness Meditation and Mind Fitness a very comprehensive and easy to use resource for inner exploration and transformation This book offers a treasury of practical wisdom distilled from the Leveys intensive study with many of the world s most respected authorities of the contemplative science and wisdom traditions and an introduction to the mind fitness disciplines necessary for personal mastery wisdom creativity compassion and resilience in times of increasing intensity and accelerating change Given how many people needlessly suffer from overwhelm exhaustion and preventable stress related illness the Leveys wisdom is needed now more than ever This book is an inspiration for complete beginners long time meditators and everyone in between who seek to deepen and expand their practice Dr Joel and Michelle Levey were among the very first to bring mindfulness and mind fitness teachings to mainstream organizations beginning in the 1970s They have taught tens of thousands of people in hundreds of leading corporations medical centers universities sports government and military arenas including Google NASA World Bank Intel M I T Stanford and World Business Academy They are the founders of Wisdom at Work <http://wisdomatwork.com> Originally published in hardcover as *Simple Meditation and Relaxation* Conari Press 1999 and in paperback as *Luminous Mind* Conari Press 2006 *An Ocean of Light* Martin Laird, 2019 In the third of Martin Laird s best selling books on Christian contemplative life Laird considers the deepening dynamics of contemplation for those who have settled into a maturing practice of meditation Drawing on the works of writers ranging from St Augustine and St Teresa of Avila to Flannery O Connor and David Foster Wallace Laird grounds his methodology in both ancient practice and contemporary language With characteristic lyricism and gentleness he guides readers through new challenges of contemplative life such as the danger of using a spiritual practice as a strategy for personal gain making ourselves the focus of our own contemplative project dealing with old pain and transforming the isolation of loneliness and depression into a place of liberating solidarity with all who suffer *The Resonance of Emptiness* Gay Watson, 1998 Presents Buddhist philosophy and practice as a resource for psychotherapy which is responsive to the needs for a three way dialogue between Buddhism psychotherapy and contemporary discourse *God or the Divine?* Bernhard Nitsche, Marcus Schmücker, 2023-03-20 Is there a language of transcendence which does not fall under the well worn categories of monism theism pantheism biblical or pagan monotheism personal or tripersonal God or an impersonal absolute conceived as immanent and or transcendent The present set of studies from different fields of research centers on the question whether it is possible to speak at all of transcendence or a divinity

and if it is under what limitations does such speech proceed In current discussion in theology and in philosophy of religion there is a pervasive awareness that the inherited terms and alternatives developed in the western tradition no longer facilitate an adequate understanding of the divine Increasing familiarity with the languages of immanence and transcendence under erasure in Hindu and Buddhist thought has further jumbled our coordinates while holding out the promise of a more subtle and vital engagement with the matter itself of religious inquiry A further long established distinction between personal and impersonal also takes on rich new hues in Asian contexts where the very notion of person may undergo unsettling critiques Transgressing the categories of personal and impersonal points to the mystical depth of religious traditions emphasizes their openness and reintegrates essential elements of both perspectives Advancing with curiosity and caution all the contributors take seriously the diversity of historical religious traditions while nevertheless searching for a fresh language that may connect these traditions and provide a common ground of understanding **When the Clouds Part**

Prof. (Dr.) Jai Paul Dudeja,2023-03-14 There have been reports of the amazing capacity of some of the Tibetan Buddhist Monks practicing Tummo meditation in Tibetan Buddhism at temperatures of around 250 C in the Himalayas A team of scientists from USA and Israel went to these spots by carrying some dry towels with them When these towels were made wet in the snow and spread on the naked bodies of the semi nude meditating monks practicing Tummo meditation to the surprise of these scientists these towels were getting dried up in no time Subsequently the analysts came to the conclusion that this meditation generated a lot of heat inner fire in the bodies of these meditators who were using it for the spiritual purpose This incident triggered me to go deep in not only about Tummo meditation but many other profound meditation practices in Tibetan Buddhism in this book **The Other Emptiness** Michael R. Sheehy,Klaus-Dieter Mathes,2019-12-01 This book brings together perspectives of leading international Tibetan studies scholars on the subject of zhentong or other emptiness Defined as the emptiness of everything other than the continuous luminous awareness that is one s own enlightened nature this distinctive philosophical and contemplative presentation of emptiness is quite different from rangtong emptiness that

lacks independent existence which has had a strong influence on the dissemination of Buddhist philosophy in the West. Important topics are addressed including the history literature and philosophy of emptiness that have contributed to zhentong thinking in Tibet from the thirteenth century until today. The contributors examine a wide range of views on zhentong from each of the major orders of Tibetan Buddhism highlighting the key Tibetan thinkers in the zhentong philosophical tradition. Also discussed are the early formulations of buddhanature interpretations of cosmic time polemical debates about emptiness in Tibet the zhentong view of contemplation and creative innovations of thought in Tibetan Buddhism. Highly accessible and informative this book can be used as a scholarly resource as well as a textbook for teaching graduate and undergraduate courses on Buddhist philosophy.

The Yoga S_tra of Patañjali : Translations and Commentary
Wim van den Dungen, 2016-04-06 This book offers translations of the Yoga S_tra of Pata_jali in English French and Dutch as well as a commentary from the perspective of a practicing Buddhist. The Yoga S_tra of Pata_jali is a remarkable short text of about 1200 words codifying the best yoga practices in 195 Sanskrit aphorisms. Yoga became one of the six schools of Hindu philosophy. In contrast to Jainism and Buddhism it always kept close to the Vedas. These crucial scriptures speak of three paths to freedom from ignorance and the suffering it brings: Ritual, Mystical Devotion and Yoga. The Yoga S_tra of Pata_jali turned Hindu Yoga systematic and close to direct yogic experience. Besides a critique of the eternal substances of seer the self and seen Nature the commentary also identifies correspondences between Jh_na Yoga and the various types of union sam_dhi mentioned by Pata_jali and compares constraint the application of concentration contemplation and union with the Nine Stages of Calm Abiding.
