Luo Kenya Uganda:

The Luo People in South Sudan Kon K. Madut, 2020-08-13 This work draws from several interpretations and perceptions of Luo ethnic groups regarding their kinships lineages and the geocultural claims pertaining to their identity and sociocultural interactions among social groups and communities It builds on the current literature and oral history to methodologically reaffirm kinships and establish ethnic lineages Most contemporary Luo narratives come from Kenya and Uganda in addition to those written by Western anthropologists and missionaries None of these narratives have changed the content of the oral stories told by Luo groups and subgroups in Africa especially those related to their lineages ethnic affiliations and their path of immigration from South Sudan to Tanzania but have instead confirmed the history stories and mythology of the greater Luo groups in Africa This book will serve to evoke intellectual curiosity among African social scientists prompting them to conduct more research to further understanding of Luo ethnic groups ways of life and social interactions as well as their contributions to the sociopolitical and economic development in the countries and regions they inhabit

Obama Senior
Fredrick Donde, 2015-08-06 On January 20 2009 Barack Hussein Obama made history as the first African American president of the United States of America since its founding in 1776 Around the world people celebrated his election as if he were one of their own and held exceedingly high expectations of his presidency When as senator of Illinois he visited his fathers village in Nyangoma Kogelo in Kenya he was struck by the ecstatic reception that the people accorded him He was deeply touched by the abject poverty and fullness of spirit of the people The level of need and the challenges that he witnessed in the poor neighbourhoods of Chicago in the US in Indonesia and Kenya may have significantly contributed to his spirited drive to the White House In this book the author re traces the life of Barack Obama Senior and how his character vision and intellect influenced his sons drive to the most powerful office in the land In so doing the author revisits the events in pre and post colonial Kenya and how these too had a bearing on the life of Obama Senior The book also relates the history of his people the Luo from their original settlements along the Nile in Egypt and the Sudan to their present homelands in East Africa and the Great Lakes region It details the often tragic and ultimately triumphant struggle of a people in pursuit of a just peaceful and progressive society
