A. Carson\)](#) Matthew Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone In fact Martin Luther argued that justification is the doctrine on which the church stands or falls This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history the Bible theology and pastoral practice revealing the enduring significance of this pillar of Protestant theology *A Companion to the Reformation World* R. The Luther Myth Patrick Hayden-Roy, 2024-10-31 In the period from the close of the Napoleonic Wars up through the immediate post World War II era the image of Martin Luther was transposed in Germany from a religious reformer and advocate of freedom to a symbol of völkisch nationalist identity such that with the seizure of power by the Nazis Luther was used to portray a symbiosis between the new regime and the tradition of Protestant religiosity The Luther Myth traces the evolution of this image within the environment of nineteenth and twentieth century German nationalist sentiment looking particularly at how Protestant Germans styled Luther to affirm the essentialist racial identity politics of the Nazis the cult of authoritarian leadership around Adolf Hitler the drive to impose state control over all competing sources of authority and the victimizing of German Jews In doing so it sheds new light on why Nazism was able to co-opt German Protestantism as a source for legitimizing its seizure of power despite the fact that the animating core of Nazi ideology was radically subversive in relation to traditional Christian piety Using evidence drawn from not only theological works and literary and philosophical sources but also speeches theatrical works public celebrations and monuments it pulls together the narrative of development and connects it over the longer term offering an original contribution to scholarship on the topic and allowing readers a format for considering how similar dynamics are still at work in contemporary society and culture
