The Backbone of the World Clifford, Frank, 2003-05-13 In recent years Los Angeles Times writer and editor Frank Clifford has journeyed along the Continental Divide the hemispheric watershed that spans North America from the alkali badlands of southernmost New Mexico to the roof of the Rockies in Montana and into Canada The result is *The Backbone of the World* an arresting exploration of America's longest wilderness corridor a harsh and unforgiving region inhabited by men and women whose way of life is as imperiled as the neighboring wildlife With the brutal beauty and stark cadences of a Cormac McCarthy novel *The Backbone of the World* tells the story of the last remnants of the Old West America's mythic landscape where past and present are barely discernible from one another and where people's lives are still intrinsically linked to their natural surroundings Clifford vividly captures the challenges of life along the Divide today through portraits of memorable characters a ranching family whose isolated New Mexico homestead has become a mecca for illegal immigrants and drug smugglers a sheep herder struggling to make a living tending his flock in the mountains above Vail Colorado an old mule packer who has spent years scouring the mountains of northwest Wyoming for the downed plane of his son a Yellowstone Park ranger on a lone crusade to protect elk and grizzly bears from illegal hunters and a group of Blackfoot Indians in northern Montana who are fearful that a wilderness sanctuary will be lost to oil and gas development In each of their stories the tide of change is looming as environmental economic social and political forces threaten this uniquely unfettered population Clifford's participatory approach offers a haunting and immediate evocation of character and geography and an unsentimental eulogy to the people whose disappearance will sever a link with the defining American pioneer spirit Set in a world of isolated ranches trail camps mountain bivouacs and forgotten hamlets *The Backbone of the World* highlights the frontier values that have both ennobled and degraded us values that symbolize the last breath of our founding character
