Maadi 1904-1962 Society And History In A Cairo Suburb:

Maadi Annalise J.K. DeVries, 2021-03-23 A fresh perspective on the global economic influences that shaped modern Egypt through the history of an affluent Cairo suburb Maadi In the early years of the twentieth century a group of Egypt's real estate and transportation moguls embarked on the creation of a new residential establishment south of Cairo The development was to epitomize the latest in community planning merging attributes of town and country to create an idyllic domestic retreat just a short train ride away from the busy city center They called the new community Maadi after the ancient village that had long stood on the eastern bank of the Nile Over the fifty years that followed this new modern Maadi would be associated with what many believed to be the best of modern Egypt spacious villas lush gardens popular athleticism and most of all profitability Maadi The Making and Unmaking of a Cairo Suburb 1878-1962 explores Maadi's foundation and development identifying how foreign economic privileges were integral to fashioning its idyllic qualities While Maadi became home to influential Egyptians including nationalists and royalty it always remained exclusive too exclusive to appeal to the growing number of lower income Egyptians making homes in the capital Annalise DeVries shows how Maadi's history offers a fresh perspective on the global economic influences that shaped modern Egyptian history as they helped configure not only the country's politics but also the social and cultural practices of the well-to-do Ultimately the means of Maadi's appeal also paved the path for its undoing When foreign tax and legal privileges were abolished Maadi too became untethered from a vision for Egypt's future and instead appeared more and more as a figure of the country's past *Maadi 1904-1962* Samir W. The Cairo Genizah and the Age of Discovery in Egypt Rebecca J. W. Jefferson, 2022-01-27 The Cairo Genizah is considered one of the world's greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn about the importance of establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt The Urban Social History of the Middle East, 1750-1950 Peter Sluglett, 2008-12-08 The great cities of the Middle East and North Africa have long attracted the attention and interest of historians With the discovery and wider use over the last few decades of Islamic court records and Ottoman administrative

documents our knowledge of Middle Eastern cities between the seventeenth and early twentieth centuries has vastly expanded Drawing upon a treasure trove of documents and using a variety of methodologies the contributors succeed in providing a significant overview of the ways in which Middle Eastern cities can be studied as well as an excellent introduction to current literature in the field *Edmond Jabes and the Hazard of Exile* Steven Jaron,2017-12-02 For a man who no longer has a homeland writing becomes a place to live Theodor Adorno The Jewish writer Edmond Jabes born in Cairo in 1912 wrote explicitly from the perspective of exile once he arrived in France after the Suez crisis However Jaron argues exile was a predominant theme even before Jabes left Egypt He brings to light the author's associations with other francophone writers in Egypt especially those affiliated with the Surrealists but shows that metropolitan France exerted a greater pull Drawing on unpublished archival and rare printed sources Jaron examines how Jabes opposed anti-Semitism during the 1930s and later placed the Shoah at the heart of his acclaimed *Livres des Questions* 1963-73 **Hunting in the Shadows** Seth G. The Politics and Practices of Cultural Heritage in the Middle East Irene Maffi, 2014-04-21 During the nineteenth century cultural heritage became a dominant feature of the political ideology of the European states and of their colonies It became a new form of legitimization for the rising nation state cementing its inextricable link with that nation's politics and practices The set of concepts and practices defining cultural heritage were exported to and imposed over the colonized populations in North Africa and the Near East The legacy of the colonial period has proven very significant in the domain of cultural heritage which has become a crucial cultural arena in many Arab states As in the majorities of post colonial states in the Arab

world the inherited paradigm of cultural heritage has been subject to various forms of adaption and re elaboration that have made it a lively and complex space of negotiations between various actors Thus in *The Politics of Cultural Heritage in the Middle East* Irene Maffi and Rami Daher draw together expert scholars to unravel these complex processes that are involved in the definition production and consumption of heritage and its material culture in the Middle East and the dynamics of the key actors involved The variety of the cases analysed that cover the region from Morocco to Lebanon as well as the multiplicity of the actors concerned such as the state post colonial or colonial international organizations municipal councils local communities families and even exceptional personalities highlights and explores the complex processes where very local and specific dynamics intertwine with transnational economic political and cultural fluxes In its examination of the workings of cultural heritage in the Middle East this book is an important resource for students and scholars of Middle East Studies Cultural History History of Art and Architecture and for stakeholders involved in the field of cultural heritage

Not Sparing the Child: Human Sacrifice in the Ancient World and Beyond Vita Daphna Arbel, Paul C. Burns, J.R.C. Cousland, Richard Menkis, Dietmar Neufeld, 2015-02-26 The role of human sacrifice in the ancient Mediterranean world and its implications continue to be topics that fire the popular imagination and engender scholarly discussion and controversy This volume provides balanced and judicious treatments of the various facets of these topics from a cross disciplinary and cross cultural perspective It provides nuanced examinations of ancient ritual exploring the various meanings that human sacrifice held for antiquity and examines its varied repercussions up into the modern world The book explores evidence to shed new light on the origins of the rite to whom these sacrifices were offered and by whom they were performed It presents fresh insights into the social and religious meanings of this practice in its varied biblical landscape and ancient contexts and demonstrates how human sacrifice has captured the imagination of later writers who have employed it in diverse cultural and theological discourses to convey their own views and ideologies It provides valuable perspectives for understanding key cultural theological and ideological dimensions such as the sacrifice of Christ scapegoating self sacrifice and martyrdom in post biblical and modern times

Architecture and Identity Peter Herrle, Erik Wegerhoff, 2008 This book brings together complex fields of knowledge and globally splintered discourses on a subject that is experienced not only by scholars but in the everyday lives of people around the world There is a common complaint about the loss of identity which to a substantial degree is being associated with the built environment in cities and specifically with their architecture *Architecture and Identity* takes a global multidisciplinary look on how identities in contemporary architecture are constructed The general hypothesis underlying this book is that in a globalized world identity in architecture cannot be easily derived from distinct indigenous patterns The book presents forty contributions from various disciplines aiming to destroy the myth of an inheritable or otherwise prefabricated identity Some authors dismantle constructs of identity that have long been considered as solid and unbreakable while others meticulously unravel the construction process of identities in

Martin Gilbert, 2010-08-24 In this epic examination a celebrated historian explores the evolution of Judaism and Islam through a lens of Middle Eastern stability Publishers Weekly The relationship between Jews and Muslims has been a flashpoint that affects stability in the Middle East with global consequences In this eloquent book Martin Gilbert presents a fascinating account of the hope and fear that have characterized these two peoples through the 1 400 years of their intertwined history Harking back to the Biblical story of Ishmael and Isaac Gilbert takes the reader from the origins of the fraught relationship the refusal of Medina s Jews to accept Mohammed as a prophet through the ages of the Crusader reconquest of the Holy Land and the great Muslim sultanates to the present day He explores the impact of Zionism in the early twentieth century the clash of nationalisms during the Second World War the mass expulsions and exodus of 800 000 Jews from Muslim lands following the birth of Israel the Six Day War and the political sensitivities of the current Middle East Ishmael s House sheds light on a time of prosperity and opportunity for Jews in Muslim lands stretching from Morocco to Afghanistan with many instances of Muslim openness support and courage Drawing on Jewish Christian and Muslim sources Gilbert uses archived material poems letters memoirs and personal testimony to uncover the human voice of this centuries old conflict Ultimately Gilbert s moving account of mutual tolerance between Muslims and Jews provides a perspective on current events and a template for the future A reliable source and a pleasure to read Herman Wouk Pulitzer prize winning author of The Caine Mutiny Moving and important The Independent *Remembering Cosmopolitan Egypt* Deborah Starr, 2009-06-25 This book examines the link between cosmopolitanism in Egypt from the nineteenth century through to the mid twentieth century and colonialism It analyzes the ways in which literature and film have portrayed the period and the great cultural diversity in the country prior to Nasser Minorities and the Modern Arab World Laura Robson, 2016-05-18 In the wake of recent upheavals across the Arab world a simplistic media portrayal of the region as essentially homogenous has given way to a new though equally shallow portrayal casting it as deeply divided along ethnic linguistic and religious lines The essays gathered in Minorities and the Modern Arab World seek to challenge this representation with a nuanced exploration of the ways in which ethnic religious and linguistic commitments have intersected to create minority communities in the modern era Bringing together the fields of history political science anthropology sociology and linguistics contributors provide fresh analyses of the construction and evolution of minority identities around the region They examine how the category of minority became meaningful only with the rise of the modern nation state and find that Middle Eastern minority nationalisms owe much of their modern self definition to developments within diaspora populations and other transnational frameworks The first volume to upend the conceptual frame of reference for studying Middle Eastern minority communities in nearly two decades Minorities and the Modern Arab World represents a major intervention in modern Middle East studies
