Love & Death F. Forrester Church, 2008 On a February day in 2008 Forrest Church sent a letter to the members of his congregation informing them that he had terminal cancer his life would now be measured in months not years In that remarkable letter he wrote In more than one respect I feel very lucky He went on to promise that he would sum up his thoughts on the topics that had been so pervasive in his work love and death in a final book Church has been justly celebrated as a writer of American history but his works of spiritual guidance have been especially valued for their insight and inspiration As a minister Church defined religion as our human response to the dual reality of being alive and having to die The goal of life he tells us is to live in such a way that our lives will prove worth dying for This last book in his impressive oeuvre is imbued with ideas and exemplars for achieving that goal The stories he offers drawn from his own experiences and from the lives of his friends family and parishioners are both engrossing and enlightening Forrest Church's final work may be his most lasting gift to his readers Forrest Church a deeply spiritual but always practical visionary is a minister to us all with this moving and instructive book on the lessons of life and death A lovely important book Tom Brokaw Truly a gift one that will echo in my own preaching and teaching and in my own life as well Like Moses gazing at the Promised Land he would not enter Forrest Church blesses us with his eloquence his faith and mostly his love Rabbi Harold Kushner author of *When Bad*

Earliest Christian Meditations F. Forrester Church, Terrence J. Mulry, 1989 *Religionless Religion* Clyde Edward Brown, 2009-06-08 In these perilous times when the very survival of the human species is at stake there is a desperate need for wisdom to provide guidance The sacred literature of the world's major religious traditions is a source for such wisdom but it has largely been misinterpreted and misunderstood and thus instead of being a source for wisdom it has been a source for confusion and conflict The ancient scriptures for the most part were written in a language which is quite different from ordinary language It is a mythological language which is symbolic and therefore its meaning is hidden In the Bible for example there are many narratives that appear to be historical but they are history that has been mythologized and therefore their surface meaning is not their real meaning Clyde Edward Brown clearly illustrates that the correct interpretation of the world's religious texts would lead to a different concept of religion Instead of belief in the literal truth of texts that have been misinterpreted the emphasis would be on having those religious values such as social and economic justice which are common to all religions **One Prayer at a Time** F. Forrester Church, Terrence J. Mulry, 1989 Spiritual strength and support are at the core of these prayers inspired by the twelve step program a universal plan employed by people recovering from alcoholism and other dependencies Represents all religions
