Macroeconomic Policies, Crises, and Long-term Growth in Indonesia, 1965-90 Wing Thye Woo, 1994 **Macroeconomic policies, crises, and long-term growth in Indonesia, 1965-90** Banco Mundial, Bruce Glassburner, Anwar Nassution, Wing Thye Woo, 1994 *Macroeconomic Policies, Crises, and Long-term Growth in Indonesia, 1965-90* Wing Thye Woo, Bruce Glassburner, Anwar Nasution, 1994-01-01 Living Standards Measurement Studies Paper 104 The impact of children's health on their schooling success has been the focus of much research While studies have concluded that there is a correlation between the health of the children and their performance at school there is an increasing argument surrounding the limitations of the research Many such studies measure schooling achievement through school attendance rates This paper analyzes the failure of research to control for the fact that schooling and health are determined simultaneously Such failure would lead to biased estimates The study explores the possible biases and provides new evidence on the interrelationship between child health and schooling *Finance & Development, December 1995* International Monetary Fund. External Relations Dept., 1995-01-01 WHAT early warning signals should policymakers heed to avoid a repeat of a Mexico type reversal of private capital flows Experience suggests that a combination of indicators can provide powerful hints of approaching problems **Resource Nationalism in Indonesia** Eve Warburton, 2023-11-15 In Resource Nationalism in Indonesia Eve Warburton traces nationalist policy trajectories in Indonesia back to the preferences of big local business interests Commodity booms often prompt more nationalist policy styles in resource rich countries Usually this nationalist push weakens once a boom is over But in Indonesia a major global exporter of coal palm oil nickel and other minerals the intensity of nationalist policy interventions increased after the early twenty first century commodity boom came to an end Equally puzzling the state applied nationalist policies unevenly across the land and resource sectors Resource Nationalism in Indonesia explains these trends by examining the economic and political benefits that accrue to domestic business actors when commodity prices soar Warburton shows how the centrality of patronage to Indonesia's democratic political economy and the growing importance of mining and palm oil as drivers of export earnings enhanced both the instrumental and structural power of major domestic companies giving them new influence over the direction of nationalist change

Macroeconomic Policies in Indonesia Anwar Nasution, 2014-12-05 This book gives insight on the dynamics and route of economic policies that have been taken and implemented since the point of institutional reforms in 1998 that were triggered from the context of the financial crisis in 1997 1998 The condition brought a different paradigm on the landscape of economic and development policies especially in the case of the monetary and financial structure the international trade sector the manufacturing sector the taxes administration policy and the evolved context of decentralization and development of public sector policies in general Given state of current economic development this book offers suggestions to address economic issues that require improvements This book is unique as 1 it is about Indonesia a country mostly affected by 1997

1998 financial crisis which also lead to a change in regime 2 it covers a broad range of thematic topics on sectors development and institutional changes from major policies that have been taken and 3 it posits both existing and future challenges on monetary and financial sectors trade manufacturing and competitiveness as well as on development of decentralization policies

Precarious Ties Meg Rithmire, 2023 Developing Asia has been the site of some of the last century's fastest growing economies as well as some of the world's most durable authoritarian regimes Many accounts of rapid growth alongside monopolies on political power have focused on crony relationships between the state and business But these relationships have not always been smooth as anti corruption campaigns financial and banking crises and dramatic bouts of liberalization and crackdown demonstrate Why do partnerships between political and business elites fall apart over time And why do some partnerships produce stable growth and others produce crisis or stagnation In *Precarious Ties* Meg Rithmire offers a novel account of the relationships between business and political elites in three authoritarian regimes in developing Asia Indonesia under Suharto's New Order Malaysia under the Barisan Nasional and China under the Chinese Communist Party All three regimes enjoyed periods of high growth and supposed alliances between autocrats and capitalists Over time however the relationships between capitalists and political elites changed and economic outcomes diverged While state business ties in Indonesia and China created dangerous dynamics like capital flight fraud and financial crisis Malaysia's state business ties contributed to economic stagnation To understand these developments Rithmire presents two conceptual models of state business relations that explain their genesis and why variation occurs over time She shows that mutual alignment occurs when an authoritarian regime organizes its institutions or even its informal practices to induce capitalists to invest in growth and development Mutual endangerment on the other hand obtains when economic and political elites are entangled in corrupt dealings and invested in perpetuating each other's dominance The loss of power on one side would bring about the demise of the other Rithmire contends that the main factors explaining why one pattern dominates over the other are trust between business and political elites determined during regime formation and the dynamics of financial liberalization Empirically rich and sweeping in scope *Precarious Ties* offers lessons for all nations in which the state and the private sector are deeply entwined

Boom, Crisis, and Adjustment Ian Malcolm David Little, 1993 *Boom Crisis and Adjustment* reviews the macroeconomic experiences of eighteen developing countries from 1974 to 1989 The authors address why the experiences and policy reactions have differed among the countries and how their individual growth rates were affected by these policy reactions

Deregulation and Development in

Indonesia Farrukh Iqbal, William E. James, 2002-02-28 Of the developing nations of East Asia Indonesia came relatively late to liberalizing its trade and investment regime Only in the mid 1980s when it was clear that oil revenues alone would not suffice and that a new engine of growth was needed did the country's government swing behind a systematic deregulation effort Tariffs were cut non tariff barriers were lowered foreign investment restrictions were reduced export promotion incentives were enhanced and various financial sector regulations were eased All this combined to spark a labor intensive export led economic boom that was accompanied by an expansion in wages and employment and a boost in productivity This book documents how Indonesia truly became part of the East Asian miracle story starting in the mid 1980s Destined to become a leading case study of export led development in Indonesia this book grew out of a World Bank Indonesian Economic Society Symposium held in Jakarta There was however a parallel story as well of crony capitalism and weak governance that led to the financial and political crisis of 1997-98 These aspects were reflected in continued protection of certain sectors where the cronies were active in restrictions on domestic trade and competition that were left in place for their benefit and in financial manipulations that were conducted to their advantage These aspects are noted as well in the book and pulled together in the concluding chapter which takes the story up through the crisis years to the present
