A Companion to British Literature Victorian and Twentieth Century Literature 1837 2000 **In Defense Of Sanity** G. K. Chesterton, 2011-09-09
G K Chesterton was a master essayist But reading his essays is not just an exercise in studying a literary form at its finest it is an encounter with timeless truths that jump off the page as fresh and powerful as the day they were written The only problem with Chesterton s essays is that there are too many of them Over five thousand For most GKC readers it is not even possible to know where to start or how to begin to approach them So three of the world s leading authorities on Chesterton Dale Ahlquist Joseph Pearce Aidan Mackey have joined together to select the best Chesterton essays a collection that will be appreciated by both the newcomer and the seasoned student of this great 20th century man of letters The variety of topics are astounding barbarians architects mystics ghosts fireworks rain juries gargoyles and much more Plus a look at Shakespeare Dickens Jane Austen George MacDonald T S Eliot and the Bible All in that inimitable formidable but always quotable style of GKC Even more astounding than the variety is the continuity of Chesterton s thought that ties everything together A veritable feast for the mind and heart While some of the essays in this volume may be familiar many of them are collected here for the first time making their first appearance in over a century **British Romanticism in European Perspective** Steve Clark, Tristanne Connolly, 2015-09-08
