Madonnas 5 Box Set:

MADONNA: Unstoppable! (Revised & Enlarged Edition) Pradeep Thakur, 2010-09-13 Madonna has been considered to be one of the greatest figures in music and one of the most influential women in history. In 2010 Time magazine included Madonna in the elite list of the 25 Most Powerful Women of the Past Century where she became one of the only two singers included alongside Aretha Franklin. Madonna also topped the VH1's list of 50 Greatest Women of the Video Era. In June 2010 for the first edition, PRADEEP THAKUR had titled the first edition 2010 of book the Madonna: The World's Most Powerful Musician. Although she didn't figure in the Forbes Celebrity 100 list but her activities during last two years 2010-11 clearly indicate that she is unstoppable and destined to move on with unending creations in the years to come defying her age is nearing 60. So now the book is updated and enlarged about 700 pages and titled *Madonna Unstoppable: Crossover Picturebooks*. Sandra L. Beckett, 2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists' books, wordless picturebooks and celebrity picturebooks that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre but in the eyes of many authors, illustrators and publishers it is a narrative form that can address any and all age groups. Innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre. Crossover picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by difficult adult themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics and complex text-image interplay. Exciting experiments with new formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children's literature as a whole.
