Mastering the Fire Service Assessment Center, 2nd Ed Anthony Kastros,2018-04-16 Bridge the gap between where you are and where you want to be Do you have the knowledge skills and abilities to evaluate behavior performance and readiness Read Mastering the Fire Service Assessment Center to identify what you need to learn and understand how to learn it There is no way you can read and reflect on the wisdom in these pages and not become a better person and a better firefighter Why Read This Book The American fire service is facing a new normal fueled by mass exodus influx of new generations of firefighters a lack of hands on leadership training sweeping changes in mission decimated budgets and the genetics of task oriented reactive forefathers The greatest and perhaps only

area that we can affect directly is hands on inspiring realistic and useful training for our aspiring and incumbent leaders This book will help you regardless of the fire officer rank you seek It will help you know where you need to improve how to develop a specific personal plan to become an excellent officer and how to do well with whatever assessment center exercises throw at you NEW MATERIAL in this second edition Enjoy reading Wisdom from the Masters from 18 fire service luminaries They provide invaluable insights and challenges you will face as you prepare to promote whether for the first time as a company officer or up the chain as a chief officer Learn lessons from thousands of students from the past 12 years whose feedback will benefit you in this second edition Benefit from the many new elements in this book including relevant articles additional exercises and content regarding the dimensions of leadership management and emergency operations The complexities of being a fire officer in the 21st century require an undercurrent of humility while continually pursuing mastery of leading in the modern fire service Learn how to lead the modern day firefighter in a modern world with modern technology modern fire behavior and modern sociopolitical and economic challenges Many firefighters ask themselves if they really want to do this job but nothing is as professionally rewarding and challenging as leading others in battle to save lives This book will give you the greatest probability of success in your assessment center process Bobby Halton editor in chief Fire Engineering magazine

Mastery Arturo E. Hernandez, 2024-04-16 To the outsider an expert seems as if they are doing everything effortlessly A master chess player an expert golfer and a prolific writer seem to be able to quickly home in on what needs to be done and execute flawlessly over and over again How do we master new skills How do our brains and bodies transform performance from novice to expert In Mastery Arturo E Hernandez shows that new skills are not built but rather bloom from the combination and recombination of small parts that come to represent a new whole The process by which smaller things are blended over and over again is one that is not just restricted to high level experts Uniting the latest research findings from a cross section of disciplines and case studies with compelling storytelling Mastery shows readers how the blooming of abilities can work in their favor and lead them to achieve much more than they thought was possible Whether mastering a new language learning to play a musical instrument improving your tennis serve or sharpening your memory Hernandez teaches readers how to take advantage of our adaptability and open our minds to their fullest potential Rather than hyperfocus and overspecialization moving our focus from rigid perfection to a form of flexible adaptation can lead to unexpected improvement This approach to skill sheds light on how to better harness our talents so that we can accomplish things that are seemingly out of reach For anyone looking to learn a new skill teach someone else to do the same or to better understand how our brains evolve and excel this fascinating tour of cognition will reveal the path to surprising potential
