The Last Gift of the Master Artists Ben Okri,2023-01-31 The Booker Prize winning author a child of the Nigerian Civil War reinvents through the story of the Atlantic slave trade the beautiful soul and resilient culture of his country A boy and a girl meet by chance on a riverbank in Africa One is the son of a king struggling to find his place in the world the other the daughter of a craftsman from the secretive tribe of master artists The prince entranced stays hidden in the bushes The girl knowing nothing of him but his voice agrees to meet again When she fails to appear the next day he begins to search for her tracing her at last to her village where disguised as an apprentice he finds a place in her father s workshop But this is no fairy tale no conventional love story Their world though they don t know it yet is ending A strange wind has begun to blow and in its wake things are disappearing songs stories artworks and finally people Beautiful ships with white sails are glimpsed on the horizon When the novel was first published in the UK in 2007 under the title Starbook the central role of the Middle Passage was overlooked Okri has since rewritten the book giving it a new dimension more light more acumen In 2022 the deep political impact of this extraordinary tale won t be missed

Freedom and Dialogue in a Polarized World Sharon Schuman,2013-12-11 Freedom and Dialogue in a Polarized World argues that our most cherished ideas about freedom being left alone to do as we please or uncovering the truth have failed us They promote the polarized thinking that blights our world Rooted in literature political theory and Mikhail Bakhtin s theories of language this book introduces a new concept dialogic freedom This concept combats polarization by inspiring us to feel freer the better able we are to see from the perspectives of others To say that freedom is dialogic is to apply to it an idea about language If you and I are talking I anticipate from you a response that could be friendly hostile or indifferent and this awareness helps determine what I say If you look bored or give me a blank stare I might not say anything at all In this sense language is dialogic The same can be said of freedom Our decisions take into account the voices of others to which we feel answerable and these voices coauthor our choices In today s polarized world prevailing concepts of freedom as autonomy and enlightenment have encouraged us to take refuge in echo chambers among the like minded Whether the subject is abortion terrorism or gun control these concepts encourage us to shut out the voices of those who dare to disagree We need a new way to think about freedom Freedom and Dialogue in a Polarized World presents riveting moments of choice from Homer s Iliad Dante s Inferno Shakespeare s Merchant of Venice Milton s Paradise Lost Melville s Benito Cereno Dostoevsky s The Brothers Karamazov

Kafka's *In the Penal Colony* and Morrison's *Beloved* in order to advocate reading for and with dialogic freedom. It ends with a practical application to the debate about abortion and an invitation to rethink other polarizing issues. For more information please visit <http://dialogicfreedom.weebly.com>

Sacred and Profane Beauty Gerardus Leeuw, 2006 Gerardus van der Leeuw was one of the first to attempt a rapprochement between theology and the arts and his influence continues to be felt in what is now a burgeoning field. *Sacred and Profane* is the fullest expression of his pursuit of a theological aesthetics surveying religion's relationship to all the arts: dance, drama, literature, painting, sculpture, architecture, and music. This edition makes this seminal work, first published in Dutch in 1932, newly available. A new foreword by Diane Apostolos Cappelletti analyzes the continuing relevance of van der Leeuw's thought. Van der Leeuw's impassioned and brilliant investigation of the relationship between the holy and the beautiful is founded upon the conviction that for too long the religious have failed to seriously contemplate the beautiful, associating it as they do with the kingdom of sensuality and impermanence. Similarly, it has been alien to literati and aesthetes to reflect upon the holy for they choose to consider this physical world to be permanent and therefore to be glorified through beauty alone. In truth, as van der Leeuw undertakes to show in *Sacred and Profane Beauty*, the holy has never been absent from the arts and the arts have never been unresponsive to the holy. Whether one considers the Homeric epics, the dancing Sivas, and Vedic poems, the sacred wall paintings of ancient Egypt, the primitive mask, or the range of sacred arts developed out of Latin and Byzantine Christianity, primordial creation in the arts was always directed toward the symbolization and interpretation of the holy. The fact that in our day this original connection is obscured and the artistic impulse is more generally regarded as wholly individualistic and autonomous does not contradict van der Leeuw's thesis; indeed, the breakdown of the unity of the holy and the arts is central to his thesis. Van der Leeuw was the rare thinker who combined profundity of insight, grace of style, and a willingness to take daring intellectual chances. In *Sacred and Profane*, he describes each of the arts in its original unity with the religious and then analyzes its historical disjunction and alienation. After a penetrating investigation of the structural elements within the arts, which illumines a crucial dimension of the religious experience, van der Leeuw points toward the reemergence of an appropriate theological aesthetics on which a reunification of the arts could be founded.

Innocent Gestures Sharleen Cooper Cohen, 2003-04-22 One glorious summer on the banks of the Loire, James Barton fell irrevocably in love with Catherine D'Aumant. But their love affair was not to last. The Duke D'Aumant did not consider an American idealist a suitable match for his daughter. Nineteen years later, despite a reasonably happy marriage and a successful career with the FBI, memories of Catherine and their all-consuming passion continue to plague James, and he is haunted by a desire to return to France. Then James is summoned to France to help solve a series of the most bizarre murders in national history. There he encounters Paul D'Aumant, Catherine's manipulative brother and the current duke, and is disturbed by a beguiling young girl whose sensual behaviour arouses sexual desires beyond his control. James

also discovers that Catherine is no longer the woman he remembers Struggling to come to terms with this James tracks a heinous killer and pieces together the events of the last nineteen years to reveal an intricate pattern of forbidden passion sexual obsession and revenge

Beauty Matters Anri Yasuda,2024-06-04 The notion of beauty is inherently elusive aesthetic judgments are at once subjective and felt to be universally valid In *Beauty Matters* Anri Yasuda demonstrates that by exploring the often conflicting yet powerful pull of aesthetic sentiments major authors of the late Meiji 1868 1912 and Taisho 1912 1926 periods illuminated themes and perspectives that resonated broadly in modern Japanese society This approach presents an alternative to conventional accounts in which Japanese literature before the modernist turn of the 1920s has tended to be defined by an insular focus on subjective representation and autobiographical realism Yasuda investigates how Natsume S seki Mori Ogai Mushanok ji Saneatsu and his peers at *Shirakaba* magazine and

Akutagawa Ryunosuke sought to identify the aesthetic properties of literature through comparisons with the visual arts. They also considered the position of Japanese cultural sensibilities within the Eurocentric imperial world order. Their stories featuring painters and paintings weigh the fundamental challenge of representing anything when the conditions of knowledge are in flux and their stories about cross cultural encounters display both hope and ambivalence about the prospect of cosmopolitanism. Yasuda shows how thinking about beauty and art enabled these authors to surpass purely literary concerns. By tracing the wide reaching significance of aesthetic affect in literary thought, *Beauty Matters* destabilizes received conceptions of literature's parameters and affirms literature's continued potential to intervene in cultural discourses in Japan and beyond.

Mademoiselle de Maupin (Illustrated Edition) Théophile Gautier, 2020-12-17 *Mademoiselle de Maupin* is a historical romance based on the life of French opera star Mademoiselle Maupin who was a first rate swordswoman and often went about disguised as a man. Originally the story was to be about the historical La Maupin who set fire to a convent for the love of another woman but later retired to a convent herself shortly before dying in her thirties. Gautier instead turned the plot into a simple love triangle between a man and Albert and his mistress Rosette who both fall in love with Madelaine de Maupin who is disguised as a man named Theodore. The novel consists of seventeen chapters most in the form of letters written by d Albert or Madelaine. The message behind Gautier's version of the infamous legend is the fundamental pessimism about the human identity and perhaps the entire Romantic age.
