My Life And Work:

My Life and Work Henry Ford, Samuel Crowther, 1922 *My Life and Work* is a classic autobiography of the great American business mogul Henry Ford. Henry Ford (July 30 1863 – April 7 1947) was an American industrialist the founder of the Ford Motor Company and sponsor of the development of the assembly line technique of mass production. Although Ford did not invent the automobile or the assembly line he developed and manufactured the first automobile that many middle class Americans could afford. This is his story in his own words. Although Ford did not invent the automobile or the assembly line 1 he developed and manufactured the first automobile that many middle class Americans could afford. In doing so Ford converted the automobile from an expensive curiosity into a practical conveyance that would profoundly impact the landscape of the 20th century. His introduction of the Model T automobile revolutionized transportation and American industry. As the owner of the Ford Motor Company he became one of the richest and best known people in the world. He is credited with Fordism: mass production of inexpensive goods coupled with high wages for workers. Ford had a global vision with consumerism as the key to peace. His intense commitment to systematically lowering costs resulted in many technical and business innovations including a franchise system that put dealerships throughout most of North America and in major cities on six continents. Ford left most of his vast wealth to the Ford Foundation and arranged for his family to control the company permanently. Ford was also widely known for his pacifism during the first years of World War I and for promoting antisemitic content including *The Protocols of the Elders of Zion* through his newspaper *The Dearborn Independent* and the book *The International Jew*. Henry Ford was born July 30 1863 on a farm in Greenfield Township Michigan. 2 His father William Ford (1826–1905) was born in County Cork Ireland to a family that was originally from Somerset England. 3 His mother Mary Ford nee Litogot (1839–1876) was born in Michigan as the youngest child of Belgian immigrants; her parents died when she was a child and she was adopted by neighbors the O'Herns. Henry Ford's siblings were Margaret Ford (1867–1938) Jane Ford (c. 1868–1945) William Ford (1871–1917) and Robert Ford (1873–1934). His father gave him a pocket watch in his early teens. At 15 Ford dismantled and reassembled the timepieces of friends and neighbors dozens of times gaining the reputation of a watch repairman. 4 At twenty Ford walked four miles to their Episcopal church every Sunday. 5 Ford was devastated when his mother died in 1876. His father expected him to eventually take over the family farm but he despised farm work. He later wrote "I never had any particular love for the farm; it was the mother on the farm I loved." 6 In 1879 Ford left home to work as an apprentice machinist in Detroit first with James F. Flower Bros. and later with the Detroit Dry Dock Co. In 1882 he returned to Dearborn to work on the family farm where he became adept at operating the Westinghouse portable steam engine. He was later hired by Westinghouse to service their steam engines. During this period Ford also studied bookkeeping at Goldsmith Bryant Stratton Business College in Detroit. *My Life and Work* Henry Ford, 2018-10-09. How a Michigan farm boy became the richest man in America is a classic almost mythic tale but never before has Henry Ford s outsized genius been brought to life so vividly as it is in this engaging and superbly researched biography The real Henry Ford was a tangle of contradictions He set off the consumer revolution by producing a car affordable to the masses all the while lamenting the moral toll exacted by consumerism He believed in giving his workers a living wage though he was entirely opposed to union labor He had a warm and loving relationship with his wife but sired a son with another woman A rabid anti Semite he nonetheless embraced African American workers in the era of Jim Crow Uncovering the man behind the myth situating his achievements and their attendant controversies firmly within the context of early twentieth century America Watts has given us a comprehensive illuminating

and fascinating biography of one of America's first mass culture celebrities *The Public Image of Henry Ford* David Lanier Lewis, 1976 Skillful journalism and meticulous scholarship are combined in the full-bodied portrait of that enigmatic folk hero Henry Ford and of the company he built from scratch Writing with verve and objectivity David Lewis focuses on the fame, popularity, and influence of America's most unconventional businessman and traces the history of public relations and advertising within Ford Motor Company and the automobile industry Assembling Religion Kati Curts, 2025-05-27 How Henry Ford institutionalized a social gospel Henry Ford did not just mass produce cars As a member of the Episcopal Church, reader of New Thought texts, believer in the gospel of reincarnation, mass marketer of antisemitic material, and employer who institutionalized a social gospel, Henry Ford's contributions to American models of business were informed by and produced for an America he understood to be broadly Christian Though Ford's efforts at the head of the Ford Motor Company have commonly been understood as secular, Ford himself was explicit that his work in engineering and auto production was prophetic and meant to remake the world This religious history of Henry Ford and the Ford Motor Company repositions them within critical studies of religion, examining how Ford transformed American religious practice in the twentieth century Drawing directly on documents from Ford's archive, it examines Ford's mass production methods and bureaucratic reforms as examples of prosperity gospel traditions illuminating the ways manufacturing and technology intersect with American religious practice Bridging American religious and industrial history, *Assembling Religion* offers a new and surprising way to understand Ford's impact on culture, commerce, and the technology of labor CRM, 2003 **Women in Psychiatry** Donna M. Norris, Geetha Jayaram, Annette Primm, 2012 *Women in Psychiatry* clearly demonstrates where an interest in science or medicine can lead when combined with determination, guidance, experience, mentoring, perseverance, and organizational support The featured women represent diverse backgrounds, ethnicities, positions, career pathways, and accomplishments Each of their stories is unique Christ Our Passover Lamb Joseph Agbi, 2012-03 This book is written in line with apostolic orthodoxy of Scripture It gives clear theological thought why only Jesus Christ qualifies as our Passover Lamb, showing how the sacrificial death of Christ negates the effect of the Fall of Adam and Eve The book reviews the sacrifices of Old Testament patriarchs, priests, prophets, and kings It narrates in detail the origin and events of the Jewish Passover, which also foreshadows the New Testament Passover instituted by Christ In this book, you will understand clearly why other sacrifices by mankind are not enough for sin atonement The book brings to light why believers should share in the elements of the covenant at the Holy Communion Table with reverence and hearts of gratitude to God for the finished work of Christ on the cross *Christ Our Passover Lamb* is a must for anyone who wants to know more why grace and truth came by Jesus Christ, giving you an insight into the mystery of His sacrifice hidden in the mind of God before the world began This book will certainly bless and inspire you to share in the marriage supper of the Lamb with other saints in His coming Kingdom *Proceedings of the Royal Society of Edinburgh, Vol. 14 (Classic Reprint)* Royal Society Of Edinburgh, 1869
