Angela Carter's Pyrotechnics Charlotte Crofts, Marie Mulvey-Roberts, 2022-01-13 Representing a shift in Carter studies for the 21st century this book critically explores her legacy and showcases the current state of Angela Carter scholarship It gives new insights into Carter's pyrotechnic creativity and pays tribute to her incendiary imagination in a reappraisal of Angela Carter's work her influences and influence Drawing attention to the highly constructed artifice of Angela Carter's work it brings to the fore her lesser known collection of short stories *Fireworks Nine Profane Pieces* to reposition her as more than just the author of *The Bloody Chamber* On the way it also explores the impact of her experiences living in Japan in the light of Edmund Gordon's 2016 biography and Natsumi Ikoma's translation of Sozo Araki's Japanese memoirs of Carter *Imagining Motherhood in the Twenty-First Century* Valerie Heffernan, Gay Wilgus, 2020-12-17 Images representations and constructions of mothers have historically shaped and continue to shape the way we imagine the institution of motherhood and the experience of mothering The various contributions included in this volume consider the diversity of maternal images and narratives that circulate in literature the arts and popular culture and analyse how they reflect on and influence the cultural meaning of motherhood in the contemporary era Mindful of the fact that the images of motherhood that we see in popular media on television and in literature are not mere background noise to our daily lives the various chapters explore how they influence our understanding of what it means to be a mother affect our expectations of motherhood and of mothers frame our experience of mothering and even inform our reproductive decisions Including insights from media studies cultural studies literary studies and the performing and visual arts this book explores how engaging with diverse representations of mothers and mothering contributes to a broader and deeper interdisciplinary
