I was not in the nursing profession very long before recognizing the miracle of the human body In fact I remember while in nursing school just sitting in awe as we learned all about the body systems and how they interact with each other It was while I was in LPN school that the Lord showed me the parallel of His blood to our blood You can read about it in the devotion Life is in the Blood In this little book I have taken a nursing concept and applied a biblical principle resulting in a daily devotional for 31 days It is intended to bring encouragement and inspiration to nurses as well as other healthcare professionals All the devotions have an individual title and scripture reference Also at the end of the daily devotion there is a special prayer I have prayed for the reader My goal is that for all caregivers who read this little book of devotions to be assured that the Lord is here to help them in whatever need they may have He is a personal God who knows and cares for us individually Secondly my goal is to help all caregivers to see how important they are to the service of the Lord It is through our hands and words that He often ministers to His people who are sick The reader will also get a special treat with two poems written by Belinda Looney While reading Expectations one will identify very quickly with the early and comical expectations of a fresh nursing graduate A Nurse s Prayer is a poem expressing how many of us feel about nursing but are unable to convey as beautifully as Belinda has
