Charles Eugene Little, 1899 *Rivalry and the Disruption of Order in Molière's Theater* Michael S. Koppisch, 2004 In critical readings of ten of Molière s most important plays this book argues that a rivalry that endangers order by collapsing differences structures the works and provides a key to their understanding Molière s great comic characters all want desperately something that they cannot have The objects of their desire may vary but the presence of desire itself remains a constant In *L'Ecole des femmes* Amolphe wants above all to avoid cuckoldry The title character in *Dom Juan* covets women The bourgeois Monsieur Jourdain does all in his power to become a gentleman in *Le Bourgeois gentilhomme* and the eponymous character in *George Dandin* views his woes as the price of an ill fated marriage that he had hoped would elevate him to noble rank *Le malade imaginaire* Argan has a seemingly crazy desire to be sick The list could go on **The Dynamics of Gender in Early Modern France** Domna C. Stanton, 2016-03-23 In its six case studies *The Dynamics of Gender in Early Modern France* works out a model for early modern gender which is articulated in the introduction The book comprises essays on the construction of women three in texts by male and three by female writers including Racine F nelon Poulain de la Barre in the first part La Guette La Fayette and S vign in the second These studies thus also take up different genres satire tragedy and treatise memoir novella and letter writing Since gender is a relational construct each chapter considers as well specific textual and contextual representations of men In every instance Stanton looks for signs of conformity to and deviations from normative gender scripts *The Dynamics of Gender* adds a new dimension to early modern French literary and cultural studies it incorporates a dynamic shifting theory of gender and it engages both contemporary critical theory and literary historical readings of primary texts and established concepts in the field This book emphasizes the central importance of historical context and close reading from a feminist perspective which it also interrogates as a practice The Afterword examines some of the meanings of reading as a feminist A Catalogue of the Allen A.
