World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale *World Fascism A Historical Encyclopedia* covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

The Jewish Quarterly, 1953 *Holocaust Journey: Travelling In Search Of The Past* Martin Gilbert, 2024-02-29 Includes a new foreword by Rob Rinder What readers are saying about HOLOCAUST JOURNEY Brilliant A must read for everybody Devastating Fascinating thought provoking and shocking Everybody should read this Informative and emotional In June 1996

Martin Gilbert took a group of students on a two week journey across middle Europe which encompassed all the major places in the Holocaust from Wannsee where the extermination of the Jews was decreed to the camps themselves via deserted Jewish communities and synagogues as well as the sites of the ghettos and deportation The achievement of Gilbert s HOLOCAUST JOURNEY is to reduce to comprehensible human terms of the scale of the genocide that to many is still unimaginable LITERARY REVIEW Filled with short well informed and often heart rending accounts of the fate of the Jews TLS HOLOCAUST JOURNEY travels along the tracks of a history we would rather forget to the sites of wartime horror and is also a moving excavation of the past INDEPENDENT **Historical Dictionary of Judaism** Norman Solomon,2024-10-15

What we now call Judaism is the religion of the rabbis it is rooted in scripture the Hebrew Scriptures but it is not to be identified with Old Testament theology Judaism in its many manifestations has continued to evolve rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation History or rather our perception of it has changed substantially Previously unknown documents and artefacts have surfaced while scholars have proposed far reaching changes to the way we read and evaluate ancient texts Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings and we are better able to contextualize them not only in Greco Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed Historical Dictionary of Judaism Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on on important personalities in Jewish religious history including biblical personalities with an emphasis on how they are understood in Jewish Christian and Islamic tradition This book is an excellent access point for students researchers and anyone wanting to know more about Judaism *The Arab-Israeli War Since 1948* Alex Woolf,2014-11-01 Why has the Arab Israeli War lasted so long and been fought in so many different ways Why is it of such global importance And how has it affected people on both sides of the conflict This book seeks to relate the overall events and chronology of the war and shows its impact on everyday lives

The Routledge Atlas of the Arab-Israeli Conflict Martin Gilbert,2002 The Routledge Atlas of the Arab Israeli Conflict traces the tangled and bitter history of the Arab Jewish struggle from the early twentieth century to the present and illustrates the move towards finding peace **Hitler's Refugees and the French Response, 1933-1938** Julius

Fein,2021-03-01 Julius Fein examines the French response to the large number of German refugees between 1933 and 1938 Fein demonstrates how the Quai d Orsay sought a compromise between the Republican canon which said France must help the persecuted and the factors that limited its willingness to accept refugees including economic depression mass

unemployment anti Semitism and anti German sentiment On Jewish Suffering: Opposing View & the Messianic Age, A Historic Analysis Kalman Dubov,2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious

Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti Semitism pogroms penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first Rebbe be imposed on Jews Because of the massive anti Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival

Purging the Odious Scourge of Atrocities
Bruce Cronin, 2023 In *Purging the Odious Scourge of Atrocities* Bruce Cronin explains the growth of a small body of human rights law that bans the use of violence against a state's own population when it is deemed a mass atrocity regardless of whether they have accepted it by signing treaties or whether it is consistent with widespread state practice Specifically Cronin offers a theory of international law that explains how the international community developed universal bans on genocide widespread systematic attacks on civilian populations torture and the violation of civilian immunity in civil wars By allowing us to rethink the mechanisms that give international law actual force *Purging the Odious Scourge of Atrocities*

promises to reshape our understanding of why states abide by human rights norms they never consented to by treaty
