St George Littledale were an unlikely British couple who explored Central Asia in the 1890s with their fox terrier The Littledale s were very well known in their time for their extensive travels and exceptional adventures but have been almost completely forgotten this is the first book about their fascinating story St George Littledale received the Patron s Medal from the Royal Geographical Society but Teresa was overlooked For thirty years St George Littledale and his wife Teresa mounted expeditions in North America and Asia Through a Land of Extremes gives a taste for a bygone time of travel into uncharted unknown territory when adventurers lived by a combination of wit charm and luck Of independent means the Littledales began in the American Rockies Yellowstone and Alaska These trips were followed by expeditions in the late 1880s in the Caucasus the Pamirs Russian Central Asia and Mongolia Their greatest exploit was a 14 month journey to Tibet in 1895 They were attempting to reach the Forbidden City of Lhasa the great unmet goal of Central Asian explorers In order to minimize their chances of being discovered before they neared their goal St George selected a route across the desolate uninhabited Tibetan Plateau At a 19 000 foot pass they were finally blocked by 150 armed Tibetans The Tibetans allowed them to continue over the pass to a suitable stopping place The Littledales had come within 49 miles of Lhasa closer than any other foreigners since 1846 This title is part of our LEGENDS AND LORE series Click here to learn more      **Qui Est Qui Au**

Leech, Jacquie McNish, 2013-10-29 For all Canadians a blueprint on the state of Canadian pensions the crisis we are faced with and solutions to fix it from the foremost expert on the subject Over the next 20 years more than 7 million Canadian workers will retire Baby boomers the 45 to 65 year olds who account for 42% of the country's workforce will join the largest job exodus in Canadian history moving the promised land of retirement Unless our crumbling pension system is reformed many of these retirees will find this dreamland a bewildering and disappointing mirage In the early 1980s consumers were setting aside 20% of their disposable incomes to their retirement plans today the savings rate is a threadbare 2.5%

Retirement savings plans meant to build Canadians' personal war chests for their final years have failed to live up to their cheery promises of early retirement freedom market returns are low and financial fees are climbing Moreover retirement plans are now being compromised by high pension obligations and a shrinking workforce Canada has the capacity to diffuse this ticking pension time bomb with some hard choices posits Leech It's time for businesses governments unions and employees to face these options and fix and ultimately save our pensions system taking examples from Holland New Brunswick and Rhode Island places in which new laws have been adopted to repair the pensions programs *Travel and*

*Drugs in Twentieth-Century Literature* Lindsey Michael Banco, 2013-01-11 This book examines the connections between two disparate yet persistently bound thematics mobility and intoxication and explores their central yet frequently misunderstood role in constructing subjectivity following the 1960s Emerging from profound mid twentieth century changes in how drugs and travel were imagined the conceptual nexus discussed sheds new light on British and North American responses to sixties counterculture With readings of Aldous Huxley William Burroughs Alex Garland Hunter S Thompson and Robert Sedlack Banco traces twin arguments looking at the ways travel is imagined as a disciplinary force acting upon the creative destabilizing powers of psychedelic intoxication and exploring the ways drugs help construct travel spaces and practices as at times revolutionary and at other times neo colonial By following a sequence of shifting understandings of drug and travel orthodoxies this book traverses fraught and irresistibly linked terrains from the late 1950s up to a period marked by international postmodern tourism As such it helps illuminate a world where tourism is continually expanding yet constantly

circumscribed and where illegal drugs are both increasingly unregulated in the global economy and perceived more and more as crucial agents in the construction of human subjectivity      **The Official Guide of the Railways and Steam Navigation Lines of the United States, Puerto Rico, Canada, Mexico and Cuba** ,1897 Also time tables of railroads in Central America Air line schedules      *Travellers' Tales of Wonder* Simon Cooke,2013-02-22 Exploring travellers tales of wonder in contemporary literature this study challenges a sensibility of disenchantment with travel It reassesses travel writing as an aesthetically and ethically innovative form in contemporary international literature and demonstrates the crucial role of wonder in the travel narratives of writers such as Bruce Chatwin V S Naipaul and W G Sebald Their travellers tales of wonder are read as a challenge to the hubris of thinking the world too well known and an invitation to encounter the world including its most troubling histories with a sense of wonder      **The Outlook** ,1914      Holidays in the Danger Zone Debbie Lisle,2016-07-15 Holidays in the Danger Zone exposes the mundane and everyday interactions between two seemingly opposed worlds warfare and tourism Debbie Lisle shows how a tourist sensibility shapes the behavior of soldiers in war especially the experiences of Western military forces in exotic settings This includes not only R R but also how battlefields become landscapes of leisure and tourism She further explores how a military sensibility shapes the development of tourism in the postwar context from Dark Tourism engaging with displays of conflict and atrocity to exhibitions of conflict in museums and at memorial sites as well as advertising film journals guidebooks blogs and photography Focused on how war and tourism reinforce prevailing modes of domination Holidays in the Danger Zone critically examines the long historical arc of the war tourism nexus from nineteenth century imperialism to World War I and World War II from the Cold War to globalization and the War on Terror
