

THE LONG WAR

Dictatorship & Revolution in El Salvador

JAMES DUNKERLEY

Long War Dictatorship And Revolution In El Salvador

M. Pugh,N. Cooper,M. Turner

Long War Dictatorship And Revolution In El Salvador:

The Long War James Dunkerley, 1982 *Wars of Latin America, 1948-1982* René De La Pedraja, 2013-04-29 This book continues the narrative begun by the author in *Wars of Latin America 1899-1941*. It provides a clear and readable description of military combat occurring in Latin America from 1948 to the start of 1982. In an unusual peaceful lull Latin America experienced no wars from 1942 to 1947. Although the text concentrates on combat narrative matters of politics business and international relations appear as necessary to explain the wars. The author draws on many previously unknown sources to provide information never before published. The book traces the many insurgencies in Latin America as well as conventional wars. Among the highlights are the chapters on the Cuban and Nicaraguan insurrections and on the Bay of Pigs invasion. One goal of the text is to explain why of the many insurgencies appearing in Latin America only those in Cuba and Nicaragua were successful in overthrowing governments. The book also helps explain why even unsuccessful insurgencies have survived for decades as has happened in Colombia and Peru. Instructors considering this book for use in a course may request an examination copy here *The Salvador Option* Russell Crandall, 2016-05-23 El Salvador's civil war between the Salvadoran government and Marxist guerrillas erupted into full force in early 1981 and endured for eleven bloody years. Unwilling to tolerate an advance of Soviet and Cuban backed communism in its geopolitical backyard the US provided over six billion dollars in military and economic aid to the Salvadoran government. El Salvador was a deeply controversial issue in American society and divided Congress and the public into left and right. Relying on thousands of archival documents as well as interviews with participants on both sides of the war *The Salvador Option* offers a thorough and fair minded interpretation of the available evidence. If success is defined narrowly there is little question that the *Salvador Option* achieved its Cold War strategic objectives of checking communism. Much more difficult however is to determine what human price this success entailed. A toll suffered almost entirely by Salvadorans in this brutal civil war *The Routledge Handbook of Insurgency and Counterinsurgency* Paul B. Rich, Isabelle Duyvesteyn, 2012-03-15 This new handbook provides a wide ranging overview of the current state of academic analysis and debate on insurgency and counterinsurgency as well as an up to date survey of contemporary insurgent movements and counter insurgencies. In recent years and more specifically since the insurgency in Iraq from 2003 academic interest in insurgency and counterinsurgency has substantially increased. These topics have become dominant themes on the security agenda replacing peacekeeping humanitarian operations and terrorism as key concepts. The aim of this volume is to showcase the rich thinking that is available in the area of insurgency and counterinsurgency studies and act as a further guide for study and research. In order to contain this wide ranging topic within an accessible and informative framework the Editors have divided the text into three key parts. Part I Theoretical and Analytical Issues. Part II Insurgent Movements. Part III Counterinsurgency Cases. *The Routledge Handbook of Insurgency and Counterinsurgency* will be of great interest to all students of insurgency and small wars terrorism counter terrorism strategic studies security studies

and IR in general as well as professional military colleges and policymakers

The Legacies of Liberalism James Mahoney, 2003-04-01 Winner of the Barrington Moore Jr Prize for the Best Book in Comparative and Historical Sociology from the American Sociological Association Winner of the Best Book Award in the Comparative Democratization Section from the American Political Science Association Despite their many similarities Central American countries during the twentieth century were characterized by remarkably different political regimes In a comparative analysis of Guatemala El Salvador Costa Rica Honduras and Nicaragua James Mahoney argues that these political differences were legacies of the nineteenth century liberal reform period Presenting a theory of path dependence Mahoney shows how choices made at crucial turning points in Central American history established certain directions of change and foreclosed others to shape long term development By the middle of the twentieth century three types of political regimes characterized the five nations considered in this study military authoritarian Guatemala El Salvador liberal democratic Costa Rica and traditional dictatorial Honduras Nicaragua As Mahoney shows each type is the end point of choices regarding state and agrarian development made by these countries early in the nineteenth century Applying his conclusions to present day attempts at market creation in a neoliberal era Mahoney warns that overzealous pursuit of market creation can have severely negative long term political consequences The Legacies of Liberalism presents new insight into the role of leadership in political development the place of domestic politics in the analysis of foreign intervention and the role of the state in the creation of early capitalism The book offers a general theoretical framework that will be of broad interest to scholars of comparative politics and political development and its overall argument will stir debate among historians of particular Central American countries

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Women Fielding Danger Martha K. Huggins, Marie-Louise Glebbeek, 2009-01-16 In a compelling exploration of an oft hidden aspect

of qualitative field research *Women Fielding Danger* shows how identity performances can facilitate or block field research outcomes The book asks questions that are crucial for all women engaged in field research Do researchers enter their field site with a totally neutral identity Can a researcher's own identity be at odds with how interviewees see her Could a researcher be of the wrong gender sexuality nationality or religion for those being studied Must some of a researcher's identities be subsumed in certain research settings How much identity disguise is possible before a researcher violates research ethics or loses herself Together these questions inform the book's themes of the centrality of gender social and political danger the negotiation of identities and on site ethics Focusing on ethnographic research across a wide range of disciplines and world regions this deeply informed book presents practical to dos and technical research strategies In addition it offers unique illustrations of how the political geographic and organizational realities of field sites shape identity negotiations and research outcomes Understanding these dynamics the authors show is key to surviving the ethnographic field

Harvest Of Want Scott Whiteford, 2019-03-04 *Harvest of Want* demonstrates how hunger and malnutrition can exist simultaneously with growth in agricultural production It points out a series of factors that have generated food insecurity throughout much of Central America and Mexico

The Salvadoran Officer Corps and the Final Offensive of 1981 Brian J. Bosch, 2013-02-22 The final offensive an insurgent campaign fought after El Salvador's coup of 1979 clearly demonstrated the strengths weaknesses idiosyncrasies and behavior of the Salvadoran officer corps During this crucial period the military institution faced the double threat of internal politics and a rebel guerrilla army Colonel Bosch served as the U S Embassy's Defense and Army Attach during the crisis His intimate perspective brings to life the important political and military events before during and after the final offensive His book also offers an historical perspective of officer attitudes from 1931 to 1979 The Armed Forces political crisis of 1979 and 1980 is discussed followed by a detailed analysis of the final offensive the short lived cohesiveness shown by the officer corps and the divisiveness that lasted through the war and into peace The text is complemented by a map and photographs

Latin America Leslie Bethell, 1998-06-13 The Cambridge History of Latin America is a large scale collaborative multi volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present Latin America Politics and Society since 1930 consists of chapters from Part 2 of Volume VI of The Cambridge History that provide a thorough account of political movements in Latin America Each chapter is accompanied by a bibliographical essay

Encyclopedia of Insurgency and Counterinsurgency Spencer C. Tucker, 2013-10-29 A fascinating look at the insurgencies and counterinsurgencies throughout history with a concentration on the 20th and 21st centuries This encyclopedia examines insurgencies and the counterinsurgency efforts they prompt through history addressing military actions and the techniques and technologies employed in each conflict significant insurgency leaders and the leading theorists with emphasis on the small wars of the 20th century and most recent decades

The clear concise entries provide a breadth of coverage that ranges from the Maccabean Revolt in 168 143 BCE and the Peasants Revolt in Germany in the 1500s to the American Revolutionary War and the ongoing insurgency in Syria Readers will gain a solid understanding of how insurgency warfare and counterinsurgency COIN strategy has played a key role in the U S conflicts in Afghanistan and Iraq in the early 21st century and grasp how this important military strategy has evolved during modern times

The Encyclopedia of the Cold War Spencer C. Tucker,2007-09-12 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO s The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time

Handbook of Central American Governance Diego Sanchez-Ancochea,Salvador Martí i Puig,2013-12-17 Central America constitutes a fascinating case study of the challenges opportunities and characteristics of the process of transformation in today s global economy Comprised of a politically diverse range of societies this region has long been of interest to students of economic development and political change The Handbook of Central American Governance aims to describe and explain the manifold processes that are taking place in Central America that are altering patterns of social political and economic governance with particular focus on the impact of globalization and democratization Containing sections on topics such as state and democracy key political and social actors inequality and social policy and international relations in addition to in depth studies on five key countries Costa Rica Nicaragua El Salvador Honduras and Guatemala this text is composed of contributions from some of the leading scholars in the field No other single volume studies the current characteristics of the region from a political economic and social perspective or reviews recent research in such detail As such this handbook is of value to academics students and researchers as well as to policy makers and those with an interest in governance and political processes

Modern Insurgencies and Counter-Insurgencies Ian F. W. Beckett,2001-07-26 Modern Insurgencies and Counter Insurgencies explores how unconventional warfare tactics have opposed past and present governments all over the world from eighteenth century guerrilla warfare to the urban terrorism of today Insurgency remains one of the most prevalent forms of conflict and

presents a crucial challenge to the international community **Foreign Political Engagement** D. Geldenhuys, 2016-07-27
The 1990s have witnessed several major external initiatives to reshape the domestic political arrangements of countries
Because these have been collective foreign ventures usually with the active collaboration of the target countries the term
intervention is ill suited Instead Deon Geldenhuys introduces the notion of foreign political engagement to describe
international attempts at remaking countries in the image of the West South Africa Kenya Somalia Russia Cambodia El
Salvador and Haiti serve as case studies to demonstrate this important theoretical rethinking of international relations today

Inside The Volcano Frederick Stirton Weaver, 2018-02-19 This book provides a historical background to recent Central
American social unrest repression and revolution to help readers engage in current arguments claims and debates in a
critically and historically informed manner Captured Peace Christine J. Wade, 2016-01-15 El Salvador is widely
considered one of the most successful United Nations peacebuilding efforts but record homicide rates political polarization
socioeconomic exclusion and corruption have diminished the quality of peace for many of its citizens In Captured Peace
Elites and Peacebuilding in El Salvador Christine J Wade adapts the concept of elite capture to expand on the idea of
captured peace explaining how local elites commandeered political social and economic affairs before war s end and then
used the peace accords to deepen their control in these spheres While much scholarship has focused on the role of gangs in
Salvadoran unrest Wade draws on an exhaustive range of sources to demonstrate how day to day violence is inextricable
from the economic and political dimensions In this in depth analysis of postwar politics in El Salvador she highlights the local
actors primary role in peacebuilding and demonstrates the political advantage an incumbent party in this case the Nationalist
Republican Alliance ARENA has throughout the peace process and the consequences of this to the quality of peace that
results When States Kill Cecilia Menjívar, Néstor Rodríguez, 2009-07-21 Since the early twentieth century technological
transfers from the United States to Latin American countries have involved technologies of violence for social control As the
chapters in this book illustrate these technological transfers have taken various forms including the training of Latin
American military personnel in surveillance and torture and the provision of political and logistic support for campaigns of
state terror The human cost for Latin America has been enormous thousands of Latin Americans have been murdered
disappeared or tortured and whole communities have been terrorized into silence Organized by region the essays in this book
address the topic of state sponsored terrorism in a variety of ways Most take the perspective that state directed political
violence is a modern development of a regional political structure in which U S political interests weigh heavily Others
acknowledge that Latin American states enthusiastically received U S support for their campaigns of terror A few see local
culture and history as key factors in the implementation of state campaigns of political violence Together all the essays
exemplify how technologies of terror have been transferred among various Latin American countries with particular attention
to the role that the United States as a strong state has played in such transfers **Taking Power** John Foran, 2005-11-17

Taking Power analyzes the causes behind some three dozen revolutions in the Third World between 1910 and the present. It advances a theory that seeks to integrate the political, economic, and cultural factors that brought these revolutions about and links structural theorizing with original ideas on culture and agency. It attempts to explain why so few revolutions have succeeded while so many have failed. The book is divided into chapters that treat particular sets of revolutions, including the great social revolutions of Mexico (1910), China (1949), Cuba (1959), Iran (1979), and Nicaragua (1979); the anticolonial revolutions in Algeria, Vietnam, Angola, Mozambique, and Zimbabwe from the 1940s to the 1970s; and the failed revolutionary attempts in El Salvador, Peru, and elsewhere. It closes with speculation about the future of revolutions in an age of globalization, with special attention to Chiapas, the post-September 11 world, and the global justice movement.

Whose Peace? Critical

Perspectives on the Political Economy of Peacebuilding M. Pugh, N. Cooper, M. Turner, 2016-01-04. The book provides critical perspectives that reach beyond the technical approaches of international financial institutions and proponents of the liberal peace formula. It investigates political economies characterized by the legacies of disruption to production and exchange by population displacement, poverty, and by criminality.
