Looking At The Pieces Spring Quarter Kit Gods Story Genesis Revelation Promiseland:

Creative Bible Lessons in Genesis Hoon Kim, 2009-05-26 Creative Bible Lessons in Genesis follows the work previously done with other studies in the series What makes this volume different is that it is sensitive to the influence of postmodernism on today's culture and values it complements the widespread use of multimedia and is experiential in approach With a desire to be relevant it does not scan Scripture but intends to be scripturally thorough and accurate with an understanding that the power of the studies is ultimately found in the biblical text Because much of what is understood to be truth today is arrived to by subjective interpretation there is a strong but subtle element in the studies that highlights the Imago Dei image of God in man The blueprint of the Trinitarian God in man is perhaps the sturdiest bridge between postmodern experientialisms and ultimate truth and reality In order to emphasize these elements Bible studies include projection games helps and visuals Also many of the studies are highlighted by a participation which attempts to be close to the text account There are small group and large group elements that have been developed with the technologically savvy student in mind Creative Bible Lessons in Genesis follows the lives of various individuals in Genesis In a world where communication is less face to face and more screen to screen family breakdowns are the norm rather than the exception and role models often communicate debatable values an anchor for life can only be found in the God who does not change Human nature can only be satisfactorily understood through the image of God in man and that all behavior desires and actions people take are ultimate acts of worship and desire for God The return to the Imago Dei in man is the clearest way to present absolute truth to a relative society in that it is able to posit a valid argument for God and faith from an intellectual and logic platform as well as from a subjective emotional experiential platform **Perfect Ending** Dr. Robert Jeffress, 2014-01-21
