

Why Join a Support Group?

1

You'll meet people who share your concerns.

Most support groups focus on a specific topic. You'll meet others who are facing the same issue you are, such as living with cancer, overcoming substance abuse, or caring for a loved one with dementia.

2

You'll share resources and information.

You share what you want to share—or simply listen. You'll learn from people's experiences. You'll find answers to questions.

3

Groups meet in person and also virtually.

To find a group, search online, or contact your local hospital, house of worship, or ask your health care provider for a referral. Your work-life program or EAP can also help you find one.

4

You'll feel less alone.

A support group is a place to find friendship, understanding, and a sympathetic ear. Others can't solve your problems, but they can help carry a bit of the load.
