Testament Commentary Stephen Thorson Tom Hale, Spanish Language Edition The Applied New Testament Commentary is an easy to read down to earth commentary on the text of the New Testament It can be used with any version of the Bible and includes bullet General Articles on important aspects of the Christian faith bullet An Introduction to each book of the New Testament bullet Word definitions bullet Clear explanations of Bible text bullet How to apply the Bible to everyday life Dr Tom Hale

is an experienced medical missionary in Nepal and his commentary is essentially a missionary's commentary. Although he has done his biblical homework and he thinks theologically, he does not write from the ivory tower of academia. His concern is rather for the grass roots of newly planted churches. He is familiar with the problems they face and the questions they ask. He wrestles with the need for cross-cultural application. He is committed to the unity of the church and urges us to give one another the liberty of interpretation in those secondary areas in which we disagree. And his straightforward, easy-to-read style includes both a simple vocabulary and short sentences. Inevitably, a one-man commentary will not please everybody. But he has struggled to rid himself of bias so that there is very much here for all Bible students to learn, whatever their cultural or denominational background. In fact, the *Applied New Testament Commentary* should help to promote mutual understanding, tolerance, and respect among Christian people. John Stott, *All Souls Langham Place London*. Jesús Peláez, Juan Mateos, 2018-08-21. This text brings together in one volume two previous books that laid the groundwork for the construction of the entries in *Diccionario Griego-Español del Nuevo Testamento* (Greek-Spanish Dictionary of the New Testament), namely *Metodo de Análisis semántico aplicado al griego del Nuevo Testamento* (Method of Semantic Analysis applied to the Greek of the New Testament) and *Metodología del Diccionario Griego-Español del Nuevo Testamento* (Methodology of the Greek-Spanish Dictionary of the New Testament) by Juan Mateos and Jesús Peláez. In the introduction and first part of the text, the concepts of dictionary and meaning are defined, and a critical analysis of the dictionaries of F. Zorell, W. Bauer, E. Aland, and Louw Nida is conducted. Their methodologies are examined with the purpose of then presenting a method of semantic analysis and the steps for establishing the semantic formula of the various classes of lexemes which functions as the basis for determining lexical and contextual meaning. In the second part, the necessary steps for composing the dictionary's entries are proposed. The text concludes with an analysis of related lexemes in order to demonstrate the accuracy of the suggested method. For the first time, a carefully developed method of semantic analysis and the corresponding methodology are presented before the construction of the dictionary's entries.
