Menace in Europe Claire Berlinski,2007-12-18 Old Europe s new crisis Europe the charming continent of windmills and gondolas But lately Europe has become the continent of endless strikes and demonstrations bombs on the trains and subways radical Islamic cells in every city and ghettos so hopeless and violent even the police won t enter them In Spain a terrorist attack prompts instant capitulation to the terrorists demands In France the suburbs go up in flames every night In Holland politicians and artists are murdered for speaking frankly about Islamic immigration This isn t the Europe we thought we knew What s going on over there Traveling overland from London to Istanbul journalist Claire Berlinski shows why the Continent has lately appeared so bewildering and often so thoroughly obnoxious to Americans Speaking to Muslim immigrants German rock stars French cops and Italian women who have better things to do than have children she finds that Europe is still despite everything in the grip of the same old ancient demons Anyone who knows the history can sense it There is something ugly and familiar in the air But something new is happening as well Indeed Europe now confronts and seems unable to cope with an entirely new set of troubles Tracing the ancient conflicts and newly erupting crises *Menace in Europe* reveals Why Islamic radicalism and terrorist indoctrination flourish as Europe fails to assimilate millions of Muslim

immigrants How plummeting birthrates hurtle Europe toward economic and cultural catastrophe Why hatred of America has become ubiquitous on Europe's streets in its books newspapers and music and at the highest levels of government How long repressed destructive instincts are suddenly reemerging How the death of religious faith has created a hopeless morally unmoored Europe that clings to anti Americanism anti-Semitism and other dangerous ideologies Why the notion of a united Europe is a fantasy and what that means for the United States In the end these are not separate issues Berlinski provocatively demonstrates that Europe's political and cultural crisis mirrors its profound moral and spiritual crisis But this is not just Europe's problem Menace in Europe makes clear that the spiritual void at the heart of Europe is ultimately our problem too And America will pay a terrible price if we continue to ignore it [The Cumulative Book Index](#) ,1990 A world list of books in the English language
