Nurses Love Affair:

The Young Nurse (A Gay Love Story) Raiden King, My marriage to my wife ended once the kids left the house All of a sudden we didn't know each other We divorced It was amicable It's not exactly a new story Here I am forty three and in shape Not to get too cocky but let's just say I'm the kind of man my age who is very eligible The problem Every woman I've dated I've had no interest in What exactly is wrong with me Then I got sick I had to stay in the hospital That's where I met Taden my young handsome male nurse And everything in my life changed He asked if I needed help getting into the shower and he helped me undress His touch lingered on my skin like electricity But I'm not gay I'm attracted to women So why do I find myself thinking about Taden every waking minute Why do I fantasize about him in my dreams And why do I desperately want to tell him so he can touch me again The Young Nurse is a steamy explicit stand alone M/M gay romance book that depicts a budding passionate and unexpected love a man learning new things about his sexuality pain temptation and a happy ending

Avalanche: A Love Story Julia Leigh, 2016-08-01 An intensely personal narrative of loss hope and longing for a child In this brave and lucid account Julia Leigh broaches a challenging life event often left undiscussed how the struggle to have a child can take an agonizing toll Leigh's experience at the vanguard of medical science is acutely rendered physically and emotionally transmitting what it feels like to so desperately wish for a child while knowing that the odds are stacked against you From the daily shots she puts herself through at home to hopes raised and dashed and finally to the decision to stop treatment Avalanche bears witness to Leigh's raw desire suffering strength and in the end transformation a shift to a different kind of love The reader looks behind the scenes of a clinic and discovers how things really work reality is a far cry from the slick marketing of the billion dollar infertility industry As for so many women Leigh's treatment failed but her ghost child lingers in memory

The Nurses Alexandra Robbins, 2016-04-19 A New York Times bestseller A funny intimate and often jaw dropping account of life behind the scenes People Nurses is the compelling story of the year in the life of four nurses and the drama unsung heroism and unique sisterhood of nursing one of the world's most important professions nurses save lives every day and one of the world's most dangerous filled with violence trauma and PTSD In following four nurses Alexandra Robbins creates sympathetic characters while diving deep into their world of controlled chaos It's a world of hazing nurses eat their young Sex not exactly like on TV but surprising just the same Drug abuse disproportionately a problem among the best and the brightest and a constant temptation And bullying by peers by patients by hospital bureaucrats and especially by doctors an epidemic described as lurking in the shadowy dark corners of our profession The result is a page turning shocking look at our health care system

Story Tilda Shalof,2010-02-05 The team of nurses that Tilda Shalof found herself working with in the intensive care unit ICU of a big city hospital was known as Laura s Line They were a bit wild smart funny disrespectful of authority but also caring and incredibly committed to their jobs Laura set the tone with her quick remarks Frances from Newfoundland was famous for her improvised recipes Justine the union rep wore t shirts emblazoned with defiant slogans like Nurses Care But It s Not in the Budget Shalof was the one who had been to university The others accused her of being sooo sensitive They depended upon one another Working in the ICU was both emotionally grueling and physically exhausting Many patients quite simply were dying and the staff strove mightily to prolong their lives With their skill dedication and the resources of modern science they sometimes were almost too successful Doctors and nurses alike wondered if what they did for terminally ill patients was not in some cases too extreme A number of patients were admitted when it was too late even for heroic measures A boy struck down by a cerebral aneurysm in the middle of a little league hockey game A woman rescued too late from a burning house It all took its toll on the staff And yet on good days they thrived on what they did Shalof describes a colleague who is managing a crashing patient I looked at her Nicky was flushed with excitement She was doing five different things at the same time planning ahead for another five She was totally focused in her element in control completely at home with the chaos There was a huge smile on her face Nurses like to fix things If they can Shalof a veteran ICU nurse reveals what it is

Sister Mary Rosario Gorman,1917 *Time Holds the Mirror* Cecelia Eaton Luschnig,2018-07-17 The work is limited to the question of knowledge in Euripides Hippolytus and seeks to show that one of the major themes of the Hippolytus as of the Oedipus is knowledge In successive chapters these subjects are treated 1 the witness theme seeing and knowing what the senses reveal 2 fantasies of other worlds created by the characters and how these fantasies reveal the character's perceptions of the world 3 how Euripides causes his characters to become aware of the shifting meanings of words and how it happens that one statement and its opposite can be predicated of the same individual or act 4 the desire for and fear of knowledge and the choice of ignorance 5 the use of generalization as a kind of ignorance 6 the relation of the character's knowledge to that of the audience The work offers a new perception of the drama through a detailed examination of this important question that was so warmly debated among the early Sophists **The Nurse**,1915 **My Journey to Becoming a Registered Nurse** Joyce V.
