Leadership and Management Skills for Long-Term Care Deanna Gray-Miceli, 2008-04-18 Designated a Doody's Core Title While the scope of long term care settings has expanded from nursing homes and home care agencies to assisted living facilities and community based health services the training for nurses managers and administrators medical directors and other professionals who work in these facilities is often fragmented This book was developed to fill a widely recognized gap in the management and leadership skills of RNs needed to improve the quality of long term care The book is based around learning modules in leadership and management competencies that were site tested in three types of long term care settings and revised based on the resulting feedback Several of the nurse experts involved in the project contribute to this book The leadership modules cover team building communication power and negotiation change theory and process management direction and design and management that moves from conflict to collaboration Two additional modules cover cultural competence and principles of teaching and learning related to adult education in the long term care environment Together

these skills will enhance the nurse's ability to build and interact with the geriatric care team, resolve conflict, negotiate for solutions, develop collaboration, and teach and mentor nurses and nursing assistants.

Leadership and Management Competence in Nursing Practice Audrey M. Beauvais, 2018-11-28. Written specifically for the experienced nurse enrolled in an RN to BSN program, this text guides nurses through an interactive critical thinking process to become effective and confident nurse leaders. All nurses involved with direct patient care already rely on similar strategies to oversee patient safety, make care decisions, and integrate plan of care in collaboration with patients and families. This text expands upon that knowledge and provides a firm base to reach the next steps in academia and practice, enabling the BSN-prepared nurse to tackle serious issues in care delivery with a high level of self-awareness and skill. Leadership and Management Competence in Nursing Practice relies on a keen understanding of what experienced nurses already bring to the classroom. This text provides a core framework and useful skills and strategies to successfully lead nursing and healthcare forward. Clear, concise chapters cover leadership skills and personal attributes of leaders with minimal repetition of material covered in associate's degree programs. Content builds on the framework of AACN Essentials of Baccalaureate Education, IOM Competencies, and QSEN KSAs. Each chapter presents case scenarios to promote critical thinking and decision making. Self-assessment tools featured throughout the text enable nurses to evaluate their current strengths, areas for growth, and learning needs. Key Features: Provides information needed for the associate's degree nurse to advance to the level of professionally prepared baccalaureate degree nurse. Chapters contain critical thinking exercises, vignettes, and case scenarios targeted to the RN to BSN audience. Self-assessment tools included in most chapters to help the reader determine where they are now on the topic and to what point they need to advance to obtain competence and confidence in the professional nursing role. Provides information and skills needed by nurses in a variety of healthcare settings. Includes an instructor's manual.
