

# A practical approach to promote reflective practice within nursing

[COMMENT](#)

Nurses are constantly being encouraged to be reflective practitioners. While many articles have been written on the subject there is little practical advice for nurses on how to reflect critically. Broad frameworks for reflection have been offered by theorists such as Benner and Wrubel (1989), Gibbs (1988), and Johns (2000). The Johns model identifies particular areas of reflective practice:

## **Nursing The Reflective Approach To Adult Nursing Practice:**

**The Principles and Practice of Nurse Education** Francis M. Quinn, 2000 This book now in its fourth edition has been updated to include material focused on evidence based practice Covering the complete spectrum of education as applied to nursing and health care professions this book maintains the blend of theoretical principles and practical applications that has proved successful over the preceding three editions Among the important developments discussed are the replacement of UKCC and the four National Boards with a new Nursing and Midwifery Council the initiative to establish the National Institute for Clinical Excellence and the move to incorporate clinical effectiveness into the clinical governance framework Frank Quinn brings together all the major changes that apply to educators within the National Health Service making this essential textbook an authoritative source of guidance up to date information and reference **Nursing** Ann Faulkner, 2000

*The Nurse Educator in Practice* Salomé M. Meyer, Susan E. Van Niekerk, 2008 There is a great need for qualified nurse educators in South Africa to enhance the quality of the development of student nurses and therefore to enhance the quality of nursing care This book applies didactics in theoretical as well as clinical nursing education using examples to illustrate the text The Practice Development Unit Steve Page, David Allsopp, Sally Casley, 2008-04-30 The theory behind the PDU model is outlined and the key principles underpinning it are identified The PDU approach is clearly differentiated from the Nursing Development Unit model Implementation of key principles is explored in depth with reference to specific work carried out in the PDU Issues of evaluation potential future developments and applications of the PDU model are also discussed The book is for nurses and other practitioners working in PDUs and NDUs and for health professionals in any setting with an interest in clinical innovation practice development research and leadership of multi professional teams *Nursing Practice* Ian Peate, Karen Wild, 2018-02-05 The second edition of the successful and definitive nursing textbook Nursing Practice is designed to support the student throughout the entire nursing degree Structured around the latest Nursing and Midwifery Council Code of Conduct it explores a range of clinical and professional issues that the student will need to know in one complete and accessible volume Thoroughly updated and with full colour high quality illustrations throughout this new edition features an additional chapter on the principles of supporting families and carers in practice advice on revalidation as well as a number of learning features and activities to help consolidate learning Nursing Practice provides invaluable information to enable not just student nurses but also those who are qualified and members of the extended nursing family to develop a deeper understanding of their patients needs and to ensure that they are practicing safely and effectively

Successful Mentoring in Nursing Liz Aston, Paula Hallam, 2014-01-09 Supporting students poses a significant challenge for nurse mentors and other healthcare professionals in today's world of practice Recent concerns over the fitness to practice of nursing students at the point of registration and the move to all graduate pre registration programmes require new approaches to practice learning and mentoring the nurse of the future The book offers clear practical advice on how to

acquire and develop mentorship skills to support degree level nursing students It has been fully updated to include more detailed advice on what to do when a student is failing how to approach assessment and provides more examples of mentoring in community placements This book is a comprehensive and affordable guide suitable for all nurses midwives and health professionals undertaking a mentorship course to support nursing students **Caring for the Older Adult** Lynn Basford,Karran Thorpe, Emap Healthcare,2004 This is an introductory text providing comprehensive grounding for health professionals caring for the older adult Issues such as communication the ageing process and needs of the older adult are addressed in a wide range of settings The role of the health professional and their methods of practice are considered as well as issues such as learning and practice styles legislation teamwork and the changing roles of health practices A Nurse's Survival Guide to the Ward - Updated Edition Ann Richards, Sharon L.
