POLITICS

- Politics, when broadly defined, is the process by which groups of people make decisions that have the ability to influence events (American Nurses Credentialing Center [ANCC], 2006).
- Politics is the art of using legitimate power wisely.
- It is the art of influencing the allocation of scarce resources, events, and the decision of others; a complex

Nursing And Politics Power Thru Practice:

Power, Politics, and Public Policy Anne Boykin,1995 *Nurses' Clinical Decision Making* Russell Gurbutt,2018-12-13

This work includes a foreword by Carl Thompson Senior Research Fellow Department of Health Sciences University of York This inspiring text offers guidance and innovative ideas for teaching and learning It explains how nurses make clinical decisions through the development of narratives and how using narratives nurses gain a far more intimate knowledge of the patient than doctors can The book considers service delivery around patients renegotiation of professional roles of medical staff and their boundaries of responsibility and authority *Nurses Clinical Decision Making* will appeal to all undergraduate and postgraduate students of nursing registered nurses and nurse managers Nurse educators hospital managers doctors and healthcare risk managers will also find the information contained here invaluable If nurses are decision makers how can their role and practice be explained Can decision making be taught and are there different levels of decision making skill If so how can expert decision makers be recognised These are just some of the pertinent questions that need to be asked if we are to recognise and understand the centrality of clinical decision making in nursing practice Clinical work is complex and takes place in a complex environment that centres around individuals who themselves are physically socially and spiritually complex Clinical work also involves multiple participants nurses doctors patients physiotherapists occupational therapists pharmacists to name a few who in the course of a days work can make scores of decisions Russell Gurbutt in the Preface

Zalon,Ruth Ludwick,2014-11-13 There is a plethora of policy books on the market but none illustrate the steps in the policy process better than this one The high caliber editors and contributors all of whom have been involved in policy work bring years of experience to illustrate the key points This publication is timely as the shift in healthcare requires input from all health professionals but especially nurses who are at the frontline of healthcare change and delivery This outstanding resource will help motivate many more nurses to get involved in the policy process Weighted Numerical Score 93 4 Stars Doody's Medical Reviews Written by those in the know exceptional nurse leaders in practice education and politics this is a practical how to book written to help advanced students and nurse leaders develop health policy skills to advocate for patients from the bedside to the larger political arena Co published with the American Nurses Association ANA the book examines the pivotal role of nurses involvement in health policy and describes the requisite steps for facilitating policy change from understanding the political system through activating a plan and beyond It features the voices of a wide variety of nurse leaders who discuss policy work both locally and nationally through descriptive case histories The book discusses those qualities and skill sets that are needed for advocacy at the bedside and other arenas where health policy is determined

It examines the political system and opportunities for nurse involvement and clarifies the process of identifying issues that need a policy solution. Because citing research is an integral component of health policy solutions, the book describes how research can be used to strengthen policy initiatives. The book guides the reader step by step through the process of creating a work plan and describes the resources needed to accomplish policy change. Activating an action plan and strategies for working with the media are covered along with the process of taking a leadership role, evaluating outcomes, using policy to eliminate health inequities, and maintaining and expanding momentum. Woven throughout the book are the major themes of ethics, leadership, safety, and the quest for quality of care. The text provides information and perspectives relevant to the American Association of Colleges of Nursing (AACN) Doctor of Nursing Practice (DNP) Essentials and includes multimedia, electronic links to resources, podcasts, online articles, social network resources, and key political websites that promote policy research and leadership development.

KEY FEATURES Delineates the steps to becoming a policy advocate in organizational, educational, and political settings. Written by noted nurse leaders who describe policy work locally and nationally. Presents competencies for nursing policy work derived from the AACN DNP Essentials. Focuses throughout on themes of ethics, leadership, quality, and safety. Facilitates web use for policy research and development. Ancillary materials from the editors are available.

[Nursing and Politics](#) Abigail Masterson, Sian Maslin-Prothero, 1999. The purpose of this book is to provide an introductory textbook of politics for nurses. It explains the political system in UK and Europe, showing how this impacts upon nursing.

Policy and Strategy for Improving Health and Wellbeing Lesley Coles, Elizabeth Porter, 2011-06-02. As health policy at a national level has ever-increasing impact on local health services, it is essential that public health students understand how the development and implementation of policy and strategy provide the framework for improving quality, innovation, productivity, and prevention in the delivery of healthcare. The book is divided into two sections: section one covering a strategic overview of national policies, and section two giving specific local implementation of policy examples to support section one. Case studies and examples will help the reader to understand the policy and strategy and to apply them to their local setting.
