McKeen Cowles,1998 Long term care facilities provide care to individuals who cannot care for themselves Since long term care is a service industry it is difficult to define universally accepted standards similar to those used by the manufacturing industry While most consumers can agree on performance standards for an automobile not everyone agrees on the criteria used to evaluate the quality of health care services In long term care this problem is compounded by the frailty and declining health status of many of the clients served Nursing Home Statistical Yearbook is an annual compendium of statistics on the nursing home industry drawing on data from the Health Care Financing Administration the governmental agency that administers Medicare and Medicaid Following brief introductory essays the book consists of extensive data tables providing detailed information on America s nursing homes and their residents The data are organized by state and in some instances smaller market areas Because the data are based on a newly revised and more extensive survey process much of what is presented has never before been available including average nurse and therapist staffing hours per patient day reported nationally and by state Topics include Resident Acuity Resident ADL Characteristics Other Resident Characteristics Survey Deficiencies Scope and Severity Codes Facility Characteristics Staffing Information *Health Care in America* John C. Burnham,2015-05-15 A comprehensive history of sickness health and medicine in America from Colonial times to the present In *Health Care in America* historian John C Burnham describes changes over four centuries of medicine and public health in America Beginning with seventeenth century concerns over personal and neighborhood illnesses Burnham concludes with the arrival of a new epoch in American medicine and health care at the turn of the twenty first century From the 1600s through the 1990s Americans turned to a variety of healers practices and institutions in their efforts to prevent and survive epidemics of smallpox yellow fever cholera influenza polio and AIDS Health care workers in all periods attended births and deaths and cared for people who had injuries disabilities and chronic diseases Drawing on primary sources classic scholarship and a vast body of recent literature in the history of medicine and public health Burnham finds that traditional healing care and medicine dominated the United States until the late nineteenth century when antiseptic aseptic surgery and germ theory initiated an intellectual social and technical transformation He divides the age of modern medicine into several eras physiological medicine 1910s 1930s antibiotics 1930s 1950s technology 1950s 1960s environmental medicine 1970s 1980s and beginning around 1990 genetic medicine The cumulating developments in each era led to today s radically altered doctor patient relationship and the insistent questions that swirl around the financial cost of health care Burnham s sweeping narrative makes sense of medical practice medical research and human frailties and foibles opening the door to a new understanding of our current concerns Assessing Satisfaction in Health and Long Term Care Robert Applebaum, MSW, PhD,Jane Straker, PhD,Scott Geron, PhD,1999-12-29 Drawing from their own research the authors have created a book that

answers the much asked questions about how to access the satisfaction of health and long term care recipients successfully Designed to be practical in its application the book includes many examples of questions and approaches used to access consumer satisfaction Part 1 provides an overview in which the authors discuss theories approaches to measuring consumer satisfaction and how to implement a consumer data collection strategy Part II focuses on a broad range of specific areas or settings for assessment including in home care nursing homes and assisted living This concise book is must reading for practitioners researchers and students committed to listening to the voices of their clients and improving the delivery of care

Nursing Home Statistical Yearbook 1995 Nursing Home Statistical Yearbook: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
