Reflections of a Stranger Deborah Dulworth, Linda Hanna, 2012-08-24 Cora and her husband PGA golf pro Steady Eddie Timms live in a safe gated community so when Cora witnesses a murder she is shocked and frightened But without a body murder weapon or evidence of a crime Cora's sanity is called into question especially when it comes to light that Cora's not been dealing well

with the stress and grief of losing a daughter and her memory of late hasn't been all it should be. Determined to prove her sanity, Cora bursts into a flurry of danger and unanswered questions as she sets out to find evidence of foul play. With the help of a bumbling security guard, a loyal best friend, and a neighbor's yappy dog, pieces finally fall into place. By all appearances, the mystery is solved until Cora is kidnapped and implicated in a case of hidden identity and an old embezzlement scheme. It will take more than the national attention garnered from Steady Eddie's status to clear Cora's name, rescue her from the kidnappers, and help find her way back to the peace and sanity found only in God's loving arms.

Compassion Fatigue and Burnout in Nursing Vidette Todaro-Franceschi, 2012-09-20. This is an exceptional book and worth the investment for both the novice nurse who wants to proactively recognize compassion fatigue and for the experienced nurse who is struggling with professional quality of life. *Journal for Nurses in Professional Development*. An excellent resource for all levels of nurses. Highly recommended. *Choice Current Reviews for Academic Libraries*. The book is a powerful expression of the needs of all nurses whatever their practice setting with an easily applied method of reaching out to our co-workers and other healthcare professionals to improve our own lives and ultimately the welfare of our patients. *ANA Maine Journal*. The Newsletter of the American Nurses Association Maine. Todaro-Franceschi has done a great service not only for nurses but for all professional health care providers who will find this book helpful in sustaining compassion satisfaction while avoiding fatigue and hopefully preventing burnout. *The Forum*. This book is a good resource for nurses interested in helping themselves or others maintain a connection with the purpose of their work. *Critical Care Nurse*. This book provides insight and solutions to compassion fatigue and burnout and can save numerous nurses from leaving a loved and valued profession. *Advance For Nurses*. Compassion fatigue afflicts nurses working in all caring environments and has become a serious issue in health care institutions nationwide. This is the only book to specifically address this challenge and the related syndrome of burnout in nursing. It presents a unique healing model designed to identify, treat, and where possible avert compassion fatigue with holistic strategies and action plans that help cultivate a healthier, more satisfying work environment. The volume addresses risk factors for and manifestations of compassion fatigue, burnout, and other related experiences such as PTSD, death overload, collective trauma, and moral distress, and presents strategies to mediate and resolve these issues. The author emphasizes ways in which dissatisfaction influences the quality of patient care and calls for nurses to reinvent their work environments to favor compassion and contentment. Case vignettes and exercises will help readers identify and alter patterns of negativity to reaffirm purpose in their professional lives. **Key Features:** Describes the positive and negative contributors to professional quality of life. Explores the multifaceted nature of compassion fatigue and burnout in nursing. Addresses the unique risk factors for nurses who work in critical care, ER, oncology, medical surgical, and palliative care areas. Offers holistic self and group strategies and action plans to help leadership and staff nurses overcome compassion fatigue and promote work satisfaction. Addresses gaps in education which contribute to the development of compassion

fatigue and burnout Designed for nurses in stressful health care environments and nurse educators and students
