Nurturing Touch At Birth A Labor Support Handbook

Leslie Stager

Nurturing Touch At Birth A Labor Support Handbook:

The Nurturing Touch at Birth ,2014 NEW Third Edition Revised and Enlarged This book is for anyone who needs to help a laboring woman like dad friends nurses midwives doulas montrices and childbirth educators With this book you have one stop shopping for the knowlege and skills you can use to provide support throughout the entire birthing process This valuable book covers the unique art form of emotionally and physically assisting the laboring mother Labor support is the human part of what we do in the birth room and the heart of this book centers around the supportive care given to the laboring mother and details the labor support techniques useful when caring for the laboring woman The topics include let s talk about pain trusting relationships the value of education communications skills and tools relaxation affirmation visualization touch and massage aromatherapy music therapy visualization breathing techniques focusing rituals therapeutic use of water reflexology acupressure reflexology maternal positioning and other strategies and techniques like the birth ball lunge dangle towel pull pelvic circles and the use of the rebozo in perinatal care Nancy Travis a director of a busy busy obstetrical unit says the following I recommend this book to all of my new nursing staff to assist them with the development of their hands on labor support skills From aromatherapy birth balls and communication skills to positioning and rebozo use this book has it all Perez says that often society has difficulty accepting that something intensely painful or demanding like birth might also encompass a feeling of empowerment Empowerment begins with connecting with the patient or staff member as a person and building rapport with them Empowering them is one of the best ways that we can show them that we care an essential ingredient is the health care system A good nurse midwife or doula practices her craft with pride and care that is developed by understanding her patients needs and wants Empowerment is close to our concept of mastery and locus of control Being empowered emphasizes our feeling of having control over our own destiny Always remember that you are the backbone of our maternity care system and your wisdom and strong yet gentle support will help change the portrait of birth that each mother paints for herself to include strokes of confidence courage power strength and dignity Seize the opportunity to use the information in this book to educate yourself about new ways to care for laboring women Adapt this material to the needs of each laboring woman you work with

Nurturing Massage for Pregnancy: A Practical Guide to Bodywork for the Perinatal Cycle Enhanced Edition

Leslie Stager,2020-06-30 urturing Massage for Pregnancy is one of the most comprehensive books available for massage students and licensed massage therapists who treat pregnant laboring and postpartum clients The author is a highly skilled perinatal massage instructor who is also a registered nurse childbirth educator and doula *The Doula Book* Marshall H. Klaus,John H. Kennell,2012-04-03 More and more parents to be all over the world are choosing the comfort and reassuring support of birth with a trained labor companion called a doula This warm authoritative and irreplaceable guide completely updates the authors earlier book Mothering the Mother and adds much new and important research In addition to basic advice on finding and working with a doula the authors show how a doula

reduces the need for cesarean section shortens the length of labor decreases the pain medication required and enhances bonding and breast feeding The authors world renowned authorities on childbirth with combined experience of over 100 years working with laboring women have made their book indispensable to every woman who wants the healthiest safest and most joyful possible birth experience **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 The Thinking Woman's Guide to a Better Birth Henci Goer,1999-08-01 As an intelligent woman you are probably used to learning as much as you can before making major decisions But when it comes to one of the most important decisions of your life how you will give birth it is hard to gather accurate unbiased information Surprisingly much of the research does not support common medical opinion and practice Birth activist Henci Goer gives clear concise information based on the latest medical studies The Thinking Woman s Guide to a Better Birth helps you compare and contrast your various options and shows you how to avoid unnecessary procedures drugs restrictions and tests The book covers Cesareans Breech babies Inducing labor Electronic Fetal Monitoring Rupturing Membranes Coping with slow labor Pain medication Epistiotomy Vaginal birth after a Ceasarean Doulas Deciding on a doctor or midwife Choosing where to have your baby and much more

Mother-Daughter Wisdom Christiane Northrup, M.D.,2006-03-28 With such groundbreaking bestsellers as Women s Bodies Women s Wisdom and The Wisdom of Menopause Dr Christiane Northrup is one of today s most trusted and visionary medical experts Now she presents her most profound and revolutionary approach to women s health The mother daughter relationship sets the stage for our state of health and well being for our entire lives Because our mothers are our first and most powerful female role models our most deeply ingrained beliefs about ourselves as women come from them And our behavior in relationships with food with our children with our mates and with ourselves is a reflection of those beliefs Once we understand our mother daughter bonds we can rebuild our own health whatever our age and create a lasting positive legacy for the next generation Mother Daughter Wisdom introduces an entirely new map of female development exploring the five facets of feminine power which range from the basics of physical self care to the discovery of passion and purpose in life This blueprint allows any woman whether or not she has children to repair the gaps in her own upbringing and create a better adult relationship with her mother If she has her own daughter it will help her be the mother she has always wanted to be Drawing on patient case histories and personal experiences Dr Northrup also presents findings at the cutting edge of medicine and psychology Discover How to lay the nutritional foundation to prevent eating disorders and adult diseases The truth about the immunization controversy and the true meaning of immunity How we can change our genetic health legacy Why financial literacy is essential to women s health How to foster healthy sexuality and future love maps in our daughters How to balance independence with caring and individual growth with family ties Written with warmth enthusiasm and rare intelligence Mother Daughter Wisdom is an indispensable book destined to change lives and become essential reading for all women The Ultimate Guide to Llama Ranching Barrett Williams,ChatGPT,2024-07-08 The Ultimate Guide to Llama

The Birth Partner Handbook Carl Jones, 2010-07-01 *The Birth Partner Handbook* is a concise contemporary guide for today s birth partners showing them exactly what they can do to help

create a positive birth experience whether the mother gives birth naturally or with medication at home in a childbearing center or in a hospital With a special emphasis on the psychological changes of labor this guide also introduces a new approach to understanding labor made popular through the author s nationwide childbirth workshops called the laboring mind response Birth partners will gain new insight into the mother s altered state of mind and altered behavior during labor and be given an easy to follow eight step method that teaches the mind to cooperate with the body and will help make childbirth less stressful and more natural for the mother

Pre- and Perinatal Massage Therapy Carole Osborne, Michele Kolakowski, David Lobenstine, 2021-03-03 This is the third edition of a highly successful guide to using massage therapy through all stages of the birth process from pregnancy through labor and birth and into the long postpartum period It is primarily for massage therapists but is also intended for physical therapists other manual therapists and bodyworkers nurses and midwives physicians and doulas any professional who wants to integrate more therapeutic touch in their work The text combines what anyone who works with pregnant people needs an exhaustive distillation of current scientific knowledge alongside hands on recommendations specific techniques and business success from almost a century of the authors combined experience The reader will gain a detailed understanding of what is happening to the body during pregnancy and beyond how massage techniques can impact those changes and very concrete applicable strategies for how to work with maternity clients to make them feel better Amidst this abundance of detail about what to do the authors also explore the flipside what therapists need to modify and avoid to ensure that their work with pregnant and postpartum clients is safe how to recognize high risk factors or other complications how best to adjust treatment and how to work with medical healthcare providers throughout the process

[Books in Print](#) ,1991 **Subject Guide to Books in Print** ,2001 **Maternal and Newborn Care** Joanita De Kock, Christa Van der Walt, 2004 The midwife s role is examined in the community and family health context in this handbook on effective maternal and newborn care for midwives and other healthcare providers The skills competencies and knowledge required to make informed decisions about neo and postnatal care are covered including anatomy and the physiology of reproduction high risk pregnancies and labor and birth Theoretical and practical issues illuminate a midwife s role in the prevention of illness in mothers and babies with attention to the unique challenges of midwifery in developing nations Insights from current research studies and critical questions about midwife practice will help those new to health care understand the unique challenges of this form of health service delivery
