The No Dairy Book Stephanie Hinderock, 2021-09-18 The majority, if not everyone, most likely believe that dairy products, the most well-known of which is milk, are great sources for various nutrients, particularly protein and calcium. Of course, they are not wrong. However, it is wrong to assume that dairy products and dairy-derived ingredients are not bad for your health. Around 65% of the world's population is lactose intolerant, meaning they cannot consume most dairy products that contain lactose. There are also several people, mostly children, who are allergic to cow's milk. Moreover, even if you don't have these conditions, it still won't hurt to know how dairy and dairy derivatives may be bad for you in the long run. In this guide, you'll learn about the following: What a dairy-free diet is, How it can be beneficial to you, Types of food to avoid and consume, Sample meal plans to kick-start the diet program. If you decide to try out this dairy-free diet program, it's necessary that you take precautionary measures first before jumping right in. It's not easy and advisable to just change your eating habits. Like any diet plan, the goal is to achieve the healthiest version of yourself, be it to reduce weight, have a firmer body, or avoid illnesses.

As a safety measure you need to first and foremost seek medical and professional advice This is because by going through this diet you might experience changes in your body that may either be beneficial or harmful to your health Moving forward the success of this diet plan will rely heavily on your self discipline Be consistent with your decision This is for your health and wellness after all Rhapsody of Desserts Raquel Askenazi de Harari, Eating Healthy Who said desserts cannot be tasty if they are prepared with a minimum of sugar fat and calories Eating healthy does not equal eating dull and boring Based on this premise the recipes in this book have been adapted to today s preferences and generational shifts People used to say eat anything you want and put on weight without guilt These days however people are more educated when it comes to healthy habits and there is growing awareness about eating a diet lower in fat sugar and calories This book offers a new approach in which you can cook smartly without compromising flavor striking the perfect balance between tasty and healthy Variations One of the strong appeals of this book is what the author calls Variations Starting from a basic recipe a variety of dishes can be created by simply replacing a few ingredients opening a broad range of possibilities to let your imagination soar and customize the recipes based on your personal taste The same principle applies to creating non dairy vegetarian and gluten free dishes Proven Recipes Rhapsody of Desserts contains 150 recipes and 214 Variations all tested and proven to be within the skill level of experts or beginners with complete clear step by step instructions The book explains the whats the hows and the whys and includes a complete glossary tips and equivalence charts *Ice Cream Trade Journal* ,1916
