Nye Bevan A Biography:

Nye Bevan John Campbell,1994 **Aneurin Bevan** Michael Foot,2008 Michael Foot's two volume biography of Aneurin Nye Bevan 1897-1960 arguably Britain's greatest socialist indelibly associated with the founding of the National Health Service is one of the major political biographies of the last century. It is the life of an inspirational politician written by one who knew and unabashedly admired him. Volume II first published in 1973 begins with Bevan's role in the founding of a comprehensive National Health Service, while he was also tasked with addressing the country's severe post-war housing shortage. It takes in his 1951 resignation from the cabinet in protest at the introduction of prescription charges and his subsequent leadership of a Bevanite Labour left his publication in 1952 of *In Place of Fear*, his service as Shadow Foreign Secretary during the Suez crisis in 1956, his controversial reversal of opposition to nuclear weapons in 1957, and his death from cancer in 1960.

NYE Nick Thomas-Symonds,2014-12-18 Aneurin Nye Bevan was one of the pivotal Labour figures of the post-war era. As Minister for Health in Attlee's government, his role in the foundation of the NHS, the world's largest publicly funded health service, and the centre piece of the Opening Ceremony of the 2012 London Olympics changed the face of British society forever. The son of a coal miner from South Wales, Bevan was a life-long champion of social justice and the rights of working people and became one of the leading proponents of Socialist thought in Britain. He was also vehement in his dislike of the Conservative Party, going so far as to oppose the wartime coalition between Attlee and Churchill. Whilst he admired the Marxist critique of capitalism and felt that the drive for private consumer affluence in the 1950s flew in the face of social good, he was certainly no communist. He was a passionate believer in public ownership but had a complex relationship with the unions, which may have prevented him from becoming party leader. In this book, acclaimed author Nicklaus Thomas Symonds provides the first full life biography of Bevan in over two decades, from his birth in Tredegar in the South Wales Valleys in 1897 to his death from stomach cancer at the age of 62 in 1960. Thomas Symonds considers not just Bevan's political career but also his upbringing, his career in local government in Wales, and his relationship with his wife and fellow Labour MP Jennie Lee. Drawing on first-hand interviews as well as recently released sources, he provides a unique portrait of one of the great British statesmen of the twentieth century.

Dictionary of Labour Biography Keith Gildart,David Howell,2020-01-31 The Dictionary of Labour Biography has an outstanding reputation as a reference work for the study of nineteenth and twentieth century British history Volume XV maintains this standard of original and thorough scholarship Each entry is written by a specialist drawing on an array of primary and secondary sources The biographical essays engage with recent historiographical developments in the field of labour history The scope of the volume emphasises the ethnic and national diversity of the British labour movement and neglected political traditions **Eminent Parliamentarians** Philip Norton,2012-10-22 To celebrate the centenary of the 1911 Parliament Act John Bercow Speaker of the House of Commons instigated a series of public lectures in which current parliamentarians assessed the careers and characters of parliamentary giants The result was a sequence of fascinating appraisals covering a distinguished but eclectic array of politicians who made a name for themselves not only in the House of Commons but also throughout the country The subjects of the lectures came from diverse backgrounds advocated very different political philosophies and indeed some make surprising bedfellows But they all had one thing in common driven by a set of particular beliefs they were prepared to do whatever was necessary in pursuit of their goals From Nicholas Soames s warm familial tribute to his grandfather Winston Churchill to Neil Kinnock s account of an affectionate though sometimes fraught relationship with Michael Foot the roll call of both lecturers and subjects is outstanding With his subject sitting in the audience Tristram Hunt delivers the lecture on Tony Benn Shirley Williams looks at the life of Nancy Astor the first woman to take her seat in Parliament Philip Norton and Peter Tapsell tackle the towering figures of Enoch Powell and F E Smith as an authority on his subject Kenneth Morgan discusses David Lloyd George while fellow historian Gordon Marsden speaks on

Aneurin Bevan Douglas Hurd reflects on the life of Iain Macleod and Andrew Adonis and John Whittingdale both provide an insider's insight into the parliamentary lives of Roy Jenkins and Margaret Thatcher With a foreword by John Bercow and an introduction by Philip Norton this is an impressive collection of lectures delivered by expert speakers on the most eminent of parliamentarians

Attlee Nick Thomas-Symonds, 2023-10-05 Clement Attlee the man who created the welfare state and decolonised vast swathes of the British Empire including India has been acclaimed by many as Britain's greatest twentieth century Prime Minister Yet somehow Attlee the man remains elusive and little known How did such a moderate modest man bring about so many enduring changes What are the secrets of his leadership style And how do his personal attributes account for both his spectacular successes and his apparent failures When Attlee became Prime Minister in July 1945 he was the leader of a Labour party that had won a landslide victory With almost 50 percent of the popular vote Attlee seemed to have achieved the platform for Labour to dominate post war British politics Yet just 6 years and 3 months after the 1945 victory and despite all Attlee's governments had appeared to achieve Labour was out of office condemned to opposition for a further 13 years This presents one of the great paradoxes of twentieth century British history how Attlee's government achieved so much but lost power so quickly But perhaps the greatest paradox was Attlee himself Attlee's obituary in The Times in 1967 stated that much of what he did was memorable very little that he said This new biography based on extensive research into Attlee's papers and first hand interviews examines the myths that have arisen around this key figure of British political life and provides a vivid portrait of the man and his politics
