**Pacific Wanderer** Earl R. Hinz, 1991      Big Pacific Rebecca Tansley, 2017-06-06 The Pacific Ocean has been the focus of our fascination for as long as we have lived beside and on it. It covers one third of Earth's surface greater than all of the planet's landmasses combined. It contains half of the world's water, hides its deepest places, and is home to some of the most dazzling creatures known to science. *Big Pacific* presents the Pacific Ocean and its inhabitants as you have never seen them before, blending a wealth of images with spellbinding storytelling to take you into a realm teeming with exotic life yet rarely witnessed up close until now. The book is divided into four sections. *The Passionate Pacific* looks at the private lives of sea creatures with topics ranging from the mating behaviours of great white sharks to the monogamy of wolf eels, while *Voracious Pacific* covers hunting and feeding. In *Mysterious Pacific* you will be introduced to the Pacific's more extraordinary creatures like the pufferfish and firefly squid, and explore some of the region's eerier locales like the turtle tombs of Borneo and the skull caves of Papua New Guinea. *Violent Pacific* examines the effects of events like natural disasters on the development of the Pacific Ocean's geography and the evolution of its marine life. Providing an unparalleled look at a diverse range of species, locations, and natural phenomena, *Big Pacific* is truly an epic excursion to one of the world's last great frontiers. Back cover

*Transnational Asian Identities in Pan-Pacific Cinemas* Philippa Gates, Lisa Funnell, 2012-03-12 This collection examines the exchange of Asian identities taking place at the levels of both film production and film reception amongst pan-Pacific cinemas. The authors consider on the one hand texts that exhibit what Mette Hjort refers to as marked transnationality, and on the other the polysemic nature of transnational film texts by examining the release and reception of these films. The topics explored in this collection include the innovation of Hollywood generic formulas into 1950s and 1960s Hong Kong and Japanese films; the examination of Thai and Japanese racial and gendered identity in Asian and American films; the reception of Hollywood films in pre-1949 China and millennial Japan; the production and performance of Asian adoptee identity and subjectivity; the political implications and interpretations of migrating Chinese female stars; and the production and reception of pan-Pacific co-productions
