## **Paediatric Problems In General Practice:**

*Paediatric Problems in General Practice* Michael Modell, Robert David Hugh Boyd, 1988 This tremendously popular guide to caring for children's health in the primary care setting has been completely revised and updated for the new edition. It includes guidance on the implications of the Children's Act and child protection. Health for All Children screening in pregnancy, asthma management and other recent changes in practice and in the law. Dr Mughal's addition to the editorship ensures that this is the most reliable and up to date book available for the primary health care team. **Practical**

**Paediatric Problems in Primary Care** Michael J Bannon, Yvonne Carter, 2007-04-26 This book provides primary care staff with the knowledge needed when they encounter children and their families in primary care. It deals with the more common childhood illnesses and conditions and provides background information and practical advice that is sensitive to primary care. It also covers social paediatrics and health promotion. Practical Paediatric Problems Jim Beattie, Robert

Carachi, 2005-08-26 This innovative text modelled on the current RCPCH syllabus for paediatric training provides all the information that the senior house officer and specialist registrar in paediatrics will need during training and when preparing for the MRCPCH examination. A series of chapters discussing general principles in paediatric medicine is followed by a section covering the problems associated with the major body systems. Each chapter within this latter section is divided into three elements. Element A covers the background basic science to the particular problems being discussed in the chapter including basic embryology and anatomy, biology and physiology. A description of the techniques involved in investigation where these will be critical to the diagnoses that follow is also included here. Element B presents the core system problems for the chapter. Tables are provided to summarise the different causes, classifications and differential diagnoses, clinical features, key investigations, therapeutic options and outcomes. Concise supporting text provides more detailed information where appropriate. Selected short case histories are also included to highlight the key issues covered in the chapter. Element C is a concise bibliography incorporating a short series of key primary papers and review articles and suggestions for further reading. Subjects covered under general principles include developmental paediatrics, behavioural issues and learning difficulties, community paediatrics and clinical pharmacology. Clinical chapters include the respiratory, cardiovascular, endocrine and all other body systems. Haematology, oncology, psychiatry, surgical problems and tropical paediatric medicine are also covered here. All chapters contain up to date and appropriate information written by practising paediatricians who are each acknowledged specialists in their own field. This textbook will fast become an indispensable guide to the specialty for all trainee paediatricians in preparation for the MRCPCH examination and beyond. **The Study Guide for General**

**Practice Training** Tim Swanwick, Nava Chana, 2003 This guide is intended for individuals training in general practice as well as for their trainers, tutors and educational supervisors. It outlines the content and process of learning in general practice and contains an extensive reading list of resources appropriate to each section. **Treating Children's Psychosocial**

**Problems in Primary Care** Beth Wildman, Tracy Stancin, 2006-05-01 The Forum that led to this volume was the thirteenth in an on going annual series sponsored by the Applied Psychology Center APC at Kent State University The resources and programs of the APC allowed for the prominent clinicians and scholars to attend the meeting and interact informally in the picturesque and relaxing atmosphere of the Inn at Honey Run in the heart of the Amish area of Northeast Ohio This environment nurtured interaction among the participants for three days and permitted all to leave the Forum with ideas well beyond those presented in the text We are grateful to the APC for facilitating this endeavor The editors would especially like to acknowledge the on going contribution of Kathy Floody without whose help neither the Forum nor this book would exist Kathy arranged for every detail of the Forum from transportation plans rooms food and drink to scheduling of papers discussions and tours of the local area Kathy compulsively reviewed all chapters for references errors and oversights and maintained a positive disposition and encouraging demeanor throughout the process The success of the Forum was as much Kathy s doing as it was the responsibility of the scholars who participated
