Forgery in Christianity Joseph Wheless, 2007-03-01 Incendiary in its passion and irrefutable in its evidence this classic of atheistic literature condemns Christianity as superstition and wishful thinking rooted in early paganism sourced by anonymous fables and promoted by self serving men seeking worldly riches and power Raging against the blatant manipulations of the early Church and the antiscience agenda of the modern Church American writer JOSEPH WHELESS 1868 1950 takes on everything from faked relics and the holy mummery of stigmatics and other dramatic mystics to the priestly terrorism of the Crusades the Inquisition and the Church's historical intolerance This is an absolute must read for anyone looking for ammunition to counter the argument that the longevity of Christianity is evidence of its legitimacy ALSO AVAILABLE FROM COSIMO Wheless's Is It God's Word *The Truth Seeker*, 1930 **The Oxford Handbook of Dionysius the Areopagite** Mark Edwards, Dimitrios Pallis, Georgios Steiris, 2022-02-25 This Handbook contains forty essays by an international team of experts on the antecedents the content and the reception of the Dionysian corpus a body of writings falsely ascribed to Dionysius the Areopagite a convert of St Paul but actually written about 500 AD The first section contains discussions of the genesis of the corpus its Christian antecedents and its Neoplatonic influences In the second section studies on the Syriac reception the relation of the Syriac to the original Greek and the editing of the Greek by John of Scythopolis are followed by contributions on the use of the corpus in such Byzantine authors as Maximus the Confessor John of Damascus Theodore the Studite Niketas Stethatos Gregory Palamas and Gemistus Pletho In the third section attention turns to the Western tradition represented first by the translators John Scotus Eriugena John Sarracenus and Robert Grosseteste and then by such readers as the Victorines the early Franciscans Albert the Great Aquinas Bonaventure Dante the English mystics Nicholas of Cusa and Marsilio Ficino The contributors to the final section survey the effect on Western readers of Lorenzo Valla's proof of the inauthenticity of the corpus and the subsequent exposure of its dependence on Proclus by Koch and Stiglmayr The authors studied in this section include Erasmus Luther and his followers Vladimir Lossky Hans Urs von Balthasar and Jacques Derrida as well as modern thinkers of the Greek Church Essays on Dionysius as a mystic and a political theologian conclude the volume **The Making of a Christian Empire** Elizabeth DePalma Digeser, 2000 The Making of a Christian Empire is the first full length book to interpret the Divine Institutes as a historical source Exploring Lactantius's use of theology philosophy and rhetorical techniques Digeser perceives the Divine Institutes as a sophisticated proposal for a monotheistic state that intimately connected the religious policies of Diocletian and Constantine both of whom used religion to fortify and unite the Roman Empire BOOK JACKET **Ecclesiastical and Civil History Philosophically Considered, with Reference to the Future Re-union of Christians** George TOWNSEND (Canon of Durham.), 1847 *Ecclesiastical and Civil History Philosophically Considered, with Reference to the Future Re-union of Christians* Geo Townsend, 1847 **The Modern Review**, 1931 Includes section Reviews and notices of books **Christianization and**

**Communication in Late Antiquity** Jaclyn L. Maxwell, 2006-10-19 How did ordinary people and Church authorities communicate with each other in late antiquity and how did this interaction affect the processes of Christianization in the Roman Empire By studying the relationship between the preacher and his congregation within the context of classical urban traditions of public speaking this book explains some of the reasons for the popularity of Christian sermons during the period Its focus on John Chrysostom's sermons allows us to see how an educated church leader responded to and was influenced by a congregation of ordinary Christians As a preacher in Antioch Chrysostom took great care to convey his lessons to his congregation which included a broad cross section of society Because of this his sermons provide a fascinating view into the variety of beliefs held by the laity demonstrating that many people could be actively engaged in their religion while disagreeing with their preacher

*The Great Leap-Fraud* A.J. Deus, 2011-01-19 Religious ignorance is as dangerous for societal stability as religious extremism In *The Great Leap Fraud* author A J Deus shows that only through the cowardly behavior of a majority that is uneducated in religious questions can sectarian extremism and terrorism take shape and overtake societies Modern civilizations fail to address the dangerous defect Based on a reassessment of primary documents from the beginning of Judaism through to the Reformation *The Great Leap Fraud* evaluates the Judaic scriptures of the Jews the Christians and the Muslims for their potential to stir hatred violence and terrorism It searches for messages in the scriptures that may alter the economic behavior of societies While providing an overview of three major religions Judaism Christianity and Islam *The Great Leap Fraud* uncovers a series of frauds and premeditated deployment of prophets with the goal to establish or redeem the Jewish state of Israel It also uncovers how the vested interest of Christian historians has pushed the rise of Christianity unto Roman Emperors Deus shows that the way humans think and act are strongly influenced by a culture driven by the norms of religious organizations both past and present More information at [www.ajdeus.org](http://www.ajdeus.org)

*The World of Mr Casaubon* Colin Kidd, 2016-10-31 *The World of Mr Casaubon* takes as its point of departure a fictional character Mr Casaubon in George Eliot's classic novel *Middlemarch* The author of an unfinished *Key to All Mythologies* Casaubon has become an icon of obscurantism irrelevance and futility Crossing conventional disciplinary boundaries Colin Kidd excavates Casaubon's hinterland and illuminates the fierce ideological war which raged over the use of pagan myths to defend Christianity from the existential threat posed by radical Enlightenment criticism Notwithstanding Eliot's portrayal of Casaubon Anglican mythographers were far from unworldly and actively rebutted the radical freethinking associated with the Enlightenment and French Revolution Orientalism was a major theatre in this ideological conflict and mythography also played an indirect but influential role in framing the new science of anthropology *The World of Mr Casaubon* is rich in interdisciplinary twists and ironies and paints a vivid picture of the intellectual world of eighteenth and nineteenth century Britain

**The Greatest Story Ever Forged (Curse of the Christ Myth)** David Hernandez, 2009-09 Is God fact or fiction This is the question that has been the subject of debate for millennia oftentimes leading to violence as we have seen in the

countless religious wars throughout the course of history including the Islamic and Christian wars of today The Greatest Story Ever Forged discusses this question and outlines the fabrications giving birth to these monotheistic religions their early developments and how they have tyrannized the West and Middle East for these many centuries Though there have been many defenders of the faith David Hernandez shows how these religions have infinitely caused more damage to man than any good they have ever been credited for having done This is what he calls the Curse of the Christ Myth which derives from the big lie as propounded by the inventors of the Christ Myth who battled as fiercely among themselves as they did against their detractors or non believers These include everyone from the Jews to the Pagans to the Gnostics to the heretics and any form of infidels in an effort to establish their true religions Christ and Krishna John Mackinnon Robertson,1889 *An Exposition of the Prophecies of the Apocalypse* James DU PUI,1858 **Mormonism and Early Christianity** Hugh Nibley,1987 **Homer's Turk** Jerry Toner,2013-03-05 Spanning the Crusades the Indian Raj and the postwar decline of the British Empire Homer s Turk illuminates how English writers of all eras have relied on Greek and Roman literature to help them understand the world once called the Orient Even today the Classics frame the West s relationship with the Islamic world India and China Wicca and the Christian Heritage Joanne Pearson,2007-05-03 Pearson uncovers the untold history of Wicca and analyzes the role of Christianity in its development *The Humanitarian Review* ,1903 **Original Sin** David Hillman,2012-10-16 While many have written about Catholic Priest abuse of boys this book draws evidence from ancient texts written in Latin Sanskrit to reveal the political roots of the ritual sexual abuse of boys and the drugging of adolescent girls to convert them into esteemed Oracles of antiquity ORIGINAL SIN is an investigation of sacred Christian mysteries of antiquity to show the historic link between the use of drugs and ritualized sex embedded in Western religion ORIGINAL SIN is an investigation of the first acts of pedophilia within the Christian church It is a book about the promotion and defense of child rape as a sacred Christian mystery The West s most venerated social religious and political ideals stem from a cultural war waged against the human body ORIGINAL SIN reveals the origin of this war Using the influence of the first Christian Emperors and the moral authority of their political organization powerful bishops of the early Church promoted the performance of sacred mysteries in which young children were starved drugged and sodomized In ceremonies meant to test their purity exorcist priests victimized young children from the ranks of the orphans and homeless who populated the large cities of the ancient world ORIGINAL SIN focuses on the writings of Christian priests themselves and the pagans who condemned their immoral activities It shows that Church actively promoted and defended the rape of children and that such crimes were present from the very earliest days of Christianity ORIGINAL SIN draws from ancient internal documents written by venerated church leaders written in Latin who actively promoted the rape and molestation of children Bishops monks and priests of the early Church successfully defended themselves from legal prosecution for centuries As the Roman public railed on priests for sexually exploiting children the church leadership used its growing political influence to prevent

any of the child rapists within the clergy from coming to justice ORIGINAL SIN also traces the divine feminine voice through Western history The potent combination of natural drugs and the feminine voice is the basis for western civilization ORIGINAL SIN explores the foundation of western society as the product of a peculiar interaction chemical and biological forces The pagan world was aware of the sexual crimes committed against these orphans and waged a lengthy campaign against the priests who perpetrated these rapes Christian priests claimed that by sodomizing children they were saving them from possession by the demons of the pagan religions Christian theologians justified these acts of rape by pointing to some of the earliest writings of the apostles and even the acts of Jesus himself Exorcist priests specifically victimized young children from the ranks of the orphans and homeless who populated the large cities of the ancient world The pagan world was aware of the sexual crimes committed against these orphans and waged a lengthy campaign against the priests who perpetrated these rapes The Christian hierarchy claimed these children were being sexually tested in order to prevent them from being used in pagan rituals that required the same children to remain sexually inexperienced Christian priests claimed that by sodomizing children they were saving them from possession by the demons of the pagan religions Christian theologians justified these acts of rape by pointing to some of the earliest writings of the apostles and even the acts of Jesus himself In the early church groups of Christians in Asia Minor even formed their own associations that claimed the performance of such acts was a means of assuring the salvation of both the victims and the perpetrators The potent combination of natural drugs and the feminine voice is the basis for western civilization ORIGINAL SIN explores the foundation of western society as the product of a peculiar interaction chemical and biological forces Some early church fathers believed Jesus had several relationships with young boys Prominent church leaders argued that the apostle Mark was aware of this when he wrote in his gospel that Jesus was arrested in the garden of Gethsemane in the presence of a naked teenage boy Note The material in Hillman's first book CHEMICAL MUSE and here in ORIGINAL SIN was part of His dissertation research While they could find no flaws in the work his dissertation committee was so outraged by the material that Hillman found in the ancient texts written in Latin which he reads fluently that they refused to pass the dissertation or award the doctorate unless he deleted the material He did so and published the material about the use of psilocybin mushrooms and the emergence of Western Civilization ORIGINAL SIN reveals more of the forbidden information that Dr Hillman was uncovered Because of this work Dr Hillman has been black balled from academic classics even though CHEMICAL MUSE has been widely acclaimed He now teaches Latin in a private girls school to inch out a living to support his wife and two children What one author said about Hillman's discoveries and his expulsion from Classics The role of psychoactive drugs has been airbrushed out of the conventional picture of Western civilization The academics who have created this drug free Greco Roman world have found their nemesis in Dr Hillman's The Chemical Muse With clarity and directness the author gives us back a lost chapter of our Classical heritage and by doing so restores our understanding of this past Richard Rudgley author of Lost Civilizations of the
