[Literature and Culture in Modern Britain](#) Clive Bloom, Gary Day, 2014-06-11 British culture has changed almost beyond recognition since 1956 Angry young men have been displaced by Yuppies Elvis by the Spice Girls and meat and two veg by continental cuisine What is more as the death of Diana Princess of Wales showed the British are now more famous for a trembling lower lip than a stiff upper one This volume the last in the series examines the transformations in literature and culture over the last forty years An introductory essay provides a context for the following chapters by arguing that although there have been significant changes in British life there are also profound continuities It also discusses the rise of theory and its impact on the humanities Each essay in the volume concentrates on a facet of British culture over the last half century from painting to poetry from the seriousness of the novel to the postmodern ironies of the computing age What we get from this selection is not only an informed history of the relations between literature and culture but also a lively sense of cultural change not least of which is the new found relationship between literature and other arts which ushers us into the new millennium [Art and Pluralism](#) Nigel Whiteley, 2012 Through studying Lawrence Alloway's writings we can trace some of the major shifts in art and cultural values in the 1950s 1960s and 1970s [Abstract Painting and Abstraction](#) Emyr Williams, 2017-11-20 Abstract painting and abstraction can be a daunting and frustrating genre of art How should you approach a surface How can you use colour effectively How can you make better more expressive paintings This inspiring

Modernists and Mavericks: Bacon, Freud, Hockney and the London Painters Martin Gayford, 2018-06-12 Martin Gayford's masterful account of painting in London from the Second World War to the 1970s illustrated by documentary photographs and the works themselves The development of painting in London from the Second World War to the 1970s has never before been told before as a single narrative R B Kitaj's proposal made in 1976 that there was a substantial School of London was essentially correct but it caused confusion because it implied that there was a movement or stylistic group at work when in reality no one style could cover the likes of Francis Bacon and also Bridget Riley Modernists and Mavericks explores this period based on an exceptionally deep well of firsthand interviews often unpublished with such artists as Victor Pasmore John Craxton Lucian Freud Frank Auerbach Allen Jones R B Kitaj Euan Uglow Howard Hodgkin Terry Frost Gillian Ayres Bridget Riley David Hockney Frank Bowling Leon Kossoff John Hoyland and Patrick Caulfield But Martin Gayford also teases out the thread weaving these individual lives together and demonstrates how and why long after it was officially declared dead painting lived and thrived in London Simultaneously aware of the influences of Jackson Pollock Giacometti and through the teaching passed down at the major art school the traditions of Western art from Piero della Francesca to Picasso and Matisse the postwar painters were bound by their confidence that this ancient medium could do fresh and marvelous things and explored in their diverse ways the possibilities of paint

The St Ives Artists Michael Bird, 2008 St Ives is unique in British art history Between the Second World War and the 1970s many progressive artists chose to work and often settle around this small port in the far west of Cornwall Drawing on fresh research Michael Bird has created a fascinating and highly readable account of St Ives and its artists

Psychology and Philosophy of Abstract Art Paul M.W. Hackett, 2016-05-25 This book examines how we perceive and understand abstract art in contrast to artworks that represent reality Philosophical psychological and neuroscience research including the work of philosopher Paul Crowther are considered and out of these approaches a complex model is developed to account for this experience The understanding embodied in this model is rooted in facet theory mapping sentences and partially ordered analyses which together provide a comprehensive understanding of the perceptual experience of abstract art

Myers,Allison Stielau,Metropolitan Museum of Art (New York, N.Y.),2009 The vibrant late paintings of Pierre Bonnard 1867 1947 are considered by many to be among his finest achievements Working in a small converted bedroom of his villa in the south of France Bonnard suffused his late canvases with radiant Mediterranean light and dazzling color Although his subjects were close at hand usually everyday scenes taken from his immediate surroundings such as the dining room table being set for breakfast or a jug of flowers perched on the mantelpiece Bonnard rarely painted from life Instead he preferred to make pencil sketches in small diaries and then rely on these along with his memory once in the studio This volume which

accompanies the first exhibition to focus on the interior and related still life imagery from the last decades of Bonnard's long career presents more than seventy five paintings drawings and works on paper many of them rarely seen in public and in some cases little known Although Bonnard's legacy may be removed from the succession of trends that today we consider the foundation of modernism his contribution to French art in the early decades of the twentieth century is far more profound than history has generally acknowledged In their insightful essays and catalogue entries the authors bring fresh critical perspectives to the ongoing reappraisal of Bonnard's reputation and to his place within the narrative of twentieth century art
