Taylor, 1993 This work considers aspects of the art and architecture of the Soviet Union during the turbulent period of 1917 to 1922 covering a broad range of art some modernist some anti modernist but all to some degree guided by and sometimes coerced by the apparatus of the over arching state **Publications of the Metropolitan Museum of Art, 1964-2005**

Metropolitan Museum of Art, 2012-10-09 The present volume Publications of The Metropolitan Museum of Art 1964 2005 is a successor to a volume published by the Museum in 1965 entitled Publications of The Metropolitan Museum of Art 1870 1964 These two bibliographic volumes endeavor to list all the known books pamphlets and serial publications bearing the Museum's imprint and issued by the institution during the first 135 years of its existence through June 2005 The first volume was compiled by Albert Ten Eyck Gardner at the time an Associate Curator of American Paintings and Sculpture and the present volume has been compiled from the Annual Reports issued by the Museum during the relevant years Together the two volumes testify to the tremendous contributions made to knowledge by the curators and conservators of the Metropolitan and by the many other experts who have contributed to the Museum's exhibition catalogues Various issues of the Bulletin emphasize the great sweep of the Museum's acquisitions during these years and the exhibition catalogues a number of them Alfred H Barr Jr Award or the George Wittenborn Award testify to the continuity of the institution's dedicated program to enrich people's lives through knowledge of art This title was originally published in 2006 *Russian and Soviet Painting* Metropolitan Museum of Art (New York, N.Y.), Fine Arts Museums of San Francisco, 1977 **Art in the Cold War** Christine Lindey, 1990 This book which covers new ground is a study of high and low art official and unofficial in the Soviet Union and the West in the Cold War years 1945-62 It is a paradox that the Soviet Union a nation born of revolution should have encouraged official art which was conservative and conformist whereas Western Europe and the USA in particular should preach traditional values but have a high art which spoke of dissent Other curious contradictions and parallels emerge Soviet official art was predominantly realist in style and popular with the general public as were popular prints in the West Both have largely been ignored by the western art establishment It is the unofficial art of the Soviet Union and the high art of the West for example Rothko Pollock Bacon and Dubuffet which have always attracted critical attention Christine Lindey's pioneering study examines these paradoxes and illustrates many artists notably those from the Soviet Union whose work has rarely been seen in the West As glasnost changes our perceptions of the contemporary Soviet Union here is the first history of all aspects of art there in the postwar years set in the political context and comparing it with developments in art in the West **Unofficial Art in the Soviet Union** Paul Sjeklocha, Igor Mead, 2023-12-22 *Soviet Socialist Realist Painting*

the most important imagery of recent history Included is an examination of how the practice of Western art history the nature of art history in Asia and the forces of the Cold War have led to this influence being inadequately acknowledged across Asia and more widely The book will be relevant to those interested in art history Asian studies political history and cultural history

Shared Images Kirill Chunikhin, 2025-03-31 Who organized numerous exhibitions of American art in the Cold War Soviet Union and why Did Americans truly want to subvert the Soviet regime with abstraction and were the Soviets really afraid of non figurative art And most noteworthy can we adequately assess the role of art as a weapon of the Cold War The significance of Shared Images lies in its revision of what to date has been a biased politicized approach to American art and Soviet cultural policies during the Cold War Shared Images proposes that we write Cold War art history without merely projecting political events onto the art historical timeline and interpolating the logic of Cold War politics into cultural history Instead the monograph presents a careful narrative which along with major political events also considers individual agencies affective regimes and of course formative contexts other than the political Exploring American art as an essentially global phenomenon the monograph employs the concept of a shared history to analyze interconnections and mutual dependence of Soviet and American art histories from the late 1940s to the 1960s Shared Images thus revises narratives on Soviet and American isolationism allegedly a distinctive feature of Cold War cultures

Soviet Emigré Artists Marilyn Rueschemeyer, Igor Golomshtok, Janet Kennedy, 1985 The blind mendicant in Ukrainian folk tradition is a little known social order but an important one The singers of Ukrainian epics these minstrels were organized into professional guilds that set standards for training and performance Repressed during the Stalin era this is their story

Entangled Art Histories in Ukraine Stefaniia Demchuk, Illia Levchenko, 2024-11-29 This book explores ideologies conflicts and ideas that underpinned art historical writing in Ukraine in the 20th century Disciplinary beginnings testify both to its deep connection to Krakow Saint Petersburg and especially Vienna with its school of art history and originality of theoretical thought Art history started as another imperial project in Ukraine but ultimately transformed into the means of assertion of national identity The volume looks closely at the continuity and ruptures in scholarship caused by the establishment of Soviet power and challenges a number of existing stereotypes like total isolation under Communist rule and strict adherence to a Marxist Leninist methodology It showcases intellectual exchanges through published work personal contacts and ways to resist the politically enforced methodology Despite keeping the focus on one country it contributes to understanding the development of art history as an academic discipline in Europe more generally It also uncovers unknown or little researched personal and academic connections between art historians from Ukraine and their peers abroad Starting with the 19th century quest for the method and proceeding by disentangling the complexities of the 20th century the authors move on to the specifics of

historiography after the formal collapse of the USSR The volume transgresses purely academic boundaries and tackles the development of the discourse in periodicals exhibition spaces and public discussions Thus the findings will be pertinent to all interested in politics art history museum studies intellectual history historiography and Eastern European studies
