Pakistan's numerous political parties span the ideological spectrum as well as represent diverse regional ethnic and religious constituencies. The essays in this volume explore the way in which these parties both contend and work with Pakistan's military bureaucratic establishment to assert and expand their power. Drawing on the newest historical research and scholarship in the field, Modern South Asia provides challenging insights into the history of this fascinating region over the past three centuries. Jointly authored by two leading Indian and Pakistani historians, it offers a rare depth of historical understanding of the politics, cultures and economies that have shaped the lives of more than a fifth of humanity. In this comprehensive study, the authors interpret and debate key developments in modern South Asian history and historical writing covering the diverse spectrum of the region's social, economic and political past.
