Paths From Science Towards God The End Of All Our Exploring:

Paths from Science Towards God Arthur R. Peacocke, 2013-10-01 Author is winner of 2001 Templeton Prize for Progress in Religion worth 1 million dollars By applying the principles of scientific thought to theological matters Arthur Peacocke argues that the divine principle is at work behind all aspects of existence both spiritual and physical This study tackles head on such fundamental issues as how evolution can be reconciled with creation and the relationship between Newton causality and divine action He concludes with an optimistic new theology for our brave new world

Miracles in Said Nursi and Thomas Aquinas Edmund Michael Lazzari, 2024-11-26 In order to preserve contemporary understandings of the sciences many figures of the Divine Action Project DAP held that God could never violate or suspend a law of nature causing the marginalization of miracles from scholarly theology science dialogue In the first substantive entry of interreligious dialogue on the topic this book provides fresh contemporary accounts of Said Nursi and Thomas Aquinas on miracles and science challenges contemporary noninterventionist presuppositions and explores rich untapped avenues in the theology metaphysics and epistemology of miracles and laws of science Through an exploration of Nursi's Ash'arite Quranic interpretation of the sciences and St Thomas's neglected doctrine of obediential potency this volume marshals powerful tools from the world's two largest religions to elucidate the foundations of God's interaction with creatures As well as contributing to the contemporary debate this volume provides Muslim and Christian readers alike substantive intellectual frameworks in which to think about the sciences from the heart of their own intellectual traditions while at the same time giving them as alternatives to mainstream contemporary approaches for scientists and other readers engaged in theology science dialogue

Reading Richard Dawkins Gary Keogh, 2014-02-01 Theological reactions to the rise of the new atheist movement have largely been critically hostile or defensively deployed apologetics to shore up the faith against attack Gary Keogh contends that focusing on scholarly material that is inherently agreeable to theology will not suffice in the context of modern academia Theology needs to test its boundaries Engaging Richard Dawkins illustrates how dialogue with antithetical viewpoints may offer new perspectives on classical theological problems Keogh demonstrates how a dialogical paradigm may take shape one which is up to the task of facing its critics in the context of modern academia

The Palace of Glory Arthur Robert Peacocke, 2005 This volume is a representative cross section of the recent thinking of Arthur Peacocke on how to conceive of divine and human relations broadly of God as the world's Creator and the world itself created by God Such an enterprise has many variegated facets and the various chapters of the book reflect this diversity

The Blackwell Companion to Science and Christianity J. B. Stump, Alan G. Padgett, 2012-03-12 A cutting edge survey of contemporary thought at the intersection of science and Christianity Provides a cutting edge survey of the central ideas at play at the intersection of science and Christianity through 54 original articles by world leading scholars and rising stars in the discipline Focuses on Christianity's interaction with Science to offer a fine grained analysis of issues such as multiverse theories in cosmology convergence in

the New Sciences into dialogue with developments in systematic and sacramental theology This book also suggests some ways in which these developments might appear in our worship Overall the author is concerned to reduce the cognitive dissonance between our scientifically informed everyday lives and our life of faith

Divine Disorder and the Rescue of God Mark Corner, 2024-02-13 Divine Disorder and the Rescue of God is based on the idea that a kenotic approach is essential to a viable theology It is deeply influenced by the way such an approach influenced the writings of Donald MacKinnon Part I argues that God forces us to live in a state of uncertainty even about God's existence However compelling the sense of God's presence may be religious experience cannot take that uncertainty away We have to understand what sort of God would want to impose upon us the disorder of uncertainty Part II explores this further in terms of God's willingness to give a degree of independence to the created order while Part III compares the instability of the created order with that of the moral order By giving human beings freedom God opens up the possibility of failure including that of God The doctrine of the fall expresses the impossibility of giving human beings autonomy without risking disaster In Parts IV and V the book looks more closely at the nature of this God who embraces risk suffering and even failure Who is the deity behind this divine disorder The focus from a Christian perspective is upon the risk suffering and failure displayed in the life of Christ Jesus is drawn into something that it is beyond him to fathom hence the troubled uncertain character of his own life But from a kenotic perspective even a life marked by failure can be the focal point of God's self revelation

Matthew Anna Case-Winters, 2015-03-18 One of the most beloved books of the New Testament the Gospel of Matthew speaks with eloquence and power Among the Gospels Matthew paints a fuller picture of the life ministry and teachings of Jesus Anna Case Winters's incisive commentary reveals that Matthew is clearly a theological book It is about God's saving work in Jesus Christ Moreover it is presented in a way that easily lends itself to the task of teaching and preaching Case Winters highlights five themes that shape the distinctive portrait of Jesus this Gospel offers Here we see Jesus facing up to conflict and controversy ministering at the margins overturning presuppositions about insiders and outsiders privileging the powerless demonstrating the authority of ethical leadership challenging allegiance to empire and pointing the way to a wider divine embrace than many dared imagine Case Winters captures the core of Matthew's unique Gospel which speaks powerfully to the life of Christian faith today in the midst of our own issues and struggles
