Patient Who Cured His Therapist And Other Tales Of Therapy:

The Patient Who Cured His Therapist Stanley Siegel, 2022-01-21 In this entertaining surprising and thought provoking book family therapist Stanley Siegel challenges conventional therapeutic thinking with an unusual approach instead of trying to fix clients he encourages them to appreciate their own adaptive ingenuity In the process something remarkable almost always happens as in the case of the couple who solved their conflict only after literally building a wall within their home These dozen stories demonstrate Siegel's convictions that the therapist has as much to learn as the patient and that real healing is possible only when the healer truly respects his or her patients

The Patient Who Cured His Therapist Stanley Siegel, Ed Lowe, 1993 Siegel's thought provoking compassionate look at therapists and the patients they try to cure demonstrates his conviction that therapy is a two way street where the therapist has as much to learn as the patient and real healing is possible only when the healer truly respects his patients
