Peter Uwe Hohendahl

Patriotism Cosmopolitanism And National Culture Public Culture In Hamburg 17001933:

Patriotism, Cosmopolitanism, and National Culture ,2021-11-08 The essays assembled in this volume grew out of a conference held at Cornell University in November 2001 The goal of the conference was to examine the claim that the city state of Hamburg had a unique status in the cultural landscape of eighteenth and nineteenth century Germany a status based upon the city s republican political constitution Hamburg s independence and its tolerant and cosmopolitan political traditions made it a focal point for progressive cultural developments during the period of the Enlightenment and after The contributions collected here transcend traditional disciplinary boundaries by giving equal attention to literature music and theater as well as to architecture and city planning Key essays address the role that figures as diverse as C P E Bach Lessing Klopstock Heine Brahms and Thomas Mann played in shaping Hamburg s exceptional quality as a center of culture This volume will be of interest not only to scholars doing research on Hamburg but also to anyone with an interest in the cultural history of eighteenth nineteenth and early twentieth century Germany

Patriotism, Cosmopolitanism, and National Culture Peter Uwe Hohendahl,2003 The essays assembled in this volume grew out of a conference held at Cornell University in November 2001 The goal of the conference was to examine the claim that the city state of Hamburg had a unique status in the cultural landscape of eighteenth and nineteenth century Germany a status based upon the city s republican political constitution Hamburg s independence and its tolerant and cosmopolitan political traditions made it a focal point for progressive cultural developments during the period of the Enlightenment and after The contributions collected here transcend traditional disciplinary boundaries by giving equal attention to literature music and theater as well as to architecture and city planning Key essays address the role that figures as diverse as C P E Bach Lessing Klopstock Heine Brahms and Thomas Mann played in shaping Hamburg s exceptional quality as a center of culture This volume will be of interest not only to scholars doing research on Hamburg but also to anyone with an interest in the cultural history of eighteenth nineteenth and early twentieth century Germany

Lutheran Music Culture Mattias Lundberg,Maria Schildt,Jonas Lundblad,2021-10-25 This volume presents a novel and distinct contribution to previous research on the rich Lutheran heritage of music It builds upon a current surge of interest in the field which resonates with a wider interest in connections between music and religion as well as with cultural and aesthetic dimensions of faith at large The book situates the topic in relation to recent developments within historical and cultural studies that have developed a more nuanced and positive view of the interplay between theologians and other cultural agents in the evolution of Western modernity during post Reformation processes of confessionalization It combines conceptual discussions of key terms relevant to the study of the development and significance of an Early Modern Lutheran Music Culture with theological readings of central texts on music analytic approaches to historical repertoires and material perspectives on its dissemination

Money in the German-speaking Lands Mary Lindemann,Jared Poley,2017-08-01 Money is more than just a medium of financial exchange

across time and place it has performed all sorts of cultural political and social functions This volume traces money in German speaking Europe from the late Renaissance until the close of the twentieth century exploring how people have used it and endowed it with multiple meanings The fascinating studies gathered here collectively demonstrate money s vast symbolic and practical significance from its place in debates about religion and the natural world to its central role in statecraft and the formation of national identity

Place and Politics: Local Identity, Civic Culture, and German Nationalism in North Germany during the Revolutionary Era Katherine Aaslestad,2005-12-01 This study examines North Germany during the transformative era of the French Revolution Napoleonic occupation and Wars of Liberation it reveals international exploitation military occupation economic destruction of the city state Hamburg as well as the republic s liberation and post Napoleonic autonomy Examining shifts within local culture and the role of public opinion on civic morality this book underscores the relationship between the civic ethics public language and collective memory in the construction of political identity and concludes that the transformation in values at the local level ultimately provides the crucial direction in the process of modern nation building Throughout the 1800s the public commemoration and memory of occupation and liberation rather than the actual Napoleonic experience shaped the development of German nationalism **E. T. A.**

Hoffmann, Cosmopolitanism, and the Struggle for German Opera Francien Markx,2015-11-02 In this first monograph on E T A Hoffmann and opera Francien Markx examines Hoffmann s writings on opera and the challenges they pose to established narratives of aesthetic autonomy the search for a national opera and Hoffmann s biography Markx discusses Hoffmann s lifelong fascination with opera against the backdrop of eighteenth century theater reform the creation of national identity contemporary performance practices and musical and aesthetic discourses as voiced by C M von Weber A W Schlegel Heine and Wagner among others The book reconsiders the traditional view that German opera followed a deterministic trajectory toward Wagner s Gesamtkunstwerk and reveals a cosmopolitan spirit in Hoffmann s operatic vision most notably exemplified by his controversial advocacy for Spontini in Berlin

The Hamburg Dramaturgy by G.E. Lessing Natalya Baldyga,2018-10-26 While eighteenth century playwright and critic Gotthold Ephraim Lessing made numerous contributions in his lifetime to the theater the text that best documents his dynamic and shifting views on dramatic theory is also that which continues to resonate with later generations the Hamburg Dramaturgy Hamburgische Dramaturgie 1767 69 This collection of 104 short essays represents one of the eighteenth century s most important critical engagements with the theater and its potential to promote humanistic discourse Lessing s essays are an immensely erudite deeply engaged witty ironic and occasionally scathing investigation of European theatrical culture bolstered by deep analysis of Aristotelian dramatic theory and utopian visions of theater as a vehicle for human connection This is the first complete English translation of Lessing s text with extensive annotations that place the work in its historical context For the first time English language readers can trace primary source references and link Lessing s observations on drama theory and performance not

only to the plays he discusses but also to dramatic criticism and acting theory This volume also includes three introductory essays that situate Lessing's work both within his historical time period and in terms of his influence on Enlightenment and post Enlightenment theater and criticism The newly translated Hamburg Dramaturgy will speak to dramaturgs directors and humanities scholars who see theater not only for entertainment but also for philosophical and political debate A Social History of Early Rock 'n' Roll in Germany Julia Sneeringer, 2018-05-31 A Social History of Early Rock n Roll in Germany explores the people and spaces of St Pauli's rock n roll scene in the 1960s Starting in 1960 young British rockers were hired to entertain tourists in Hamburg's red light district around the Reeperbahn in the area of St Pauli German youths quickly joined in to experience the forbidden thrill of rock n roll and used African American sounds to distance themselves from the old Nazi generation In 1962 the Star Club opened and drew international attention for hosting some of the Beatles most influential performances In this book Julia Sneeringer weaves together this story of youth culture with histories of sex and gender popular culture media and subculture By exploring the history of one locale in depth Sneeringer offers a welcome contribution to the scholarly literature on space place sound and the city and pays overdue attention to the impact that Hamburg had upon music and style She is also careful to place performers such as The Beatles back into the social spatial and musical contexts that shaped them and their generation This book reveals that transnational encounters between musicians fans entrepreneurs and businessmen in St Pauli produced a musical style that provided emotional and physical liberation and challenged powerful forces of conservatism and conformity with effects that transformed the world for decades to come **Gender in Urban Europe** Krista Cowman, Nina Javette Koefoed, Åsa Karlsson Sjögren, 2014-06-05 This volume offers an integrated set of local studies exploring the gendering of political activities across a variety of sites ranging from print culture courts government and philanthropic bodies and public spaces outlining how a particular activity was constituted as political and exploring how this contributed to a gendered concept of citizenship The comparative and transnational perspectives revealed through combining such work contributes to establishing new knowledge about the relationship between gender citizenship and the development of the modern town in Northern Europe *Consuming Music* Emily Green, Catherine Mayes, 2017 This collection of nine essays investigates the consumption of music during the long eighteenth century providing insights into the activities of composers performers patrons publishers theorists impresarios and critics The successful sale and distribution of music has always depended on a physical and social infrastructure Though the existence of that infrastructure may be clear its organization and participants are among the least preserved and thus least understood elements of historical musical culture Who bought music and how did those consumers know what music was available Where was it sold and by whom How did the consumption of music affect its composition How was consumers musical taste shaped and by whom Focusing on the long eighteenth century this collection of nine essays investigates such questions from a variety of perspectives each informed by parallels between the consumption of music and that of dance

visual art literature and philosophy in France the Austro German lands and the United States Chapters relate the activities of composers performers patrons publishers theorists impresarios and critics exploring consumers tastes publishers promotional strategies celebrity culture and the wider communities that were fundamental to these and many more aspects of musical culture CONTRIBUTORS Glenda Goodman Roger Mathew Grant Emily H Green Marie Sumner Lott Catherine Mayes Peter Mondelli Rupert Ridgewell Patrick Wood Uribe Steven Zohn Emily H Green is assistant professor of music at George Mason University Catherine Mayes is assistant professor of musicology at the University of Utah
