Nichols, 1990 The Boundaries of Desire Eric Berkowitz, 2015-08-01 The act of reproduction and its variants never change much but our ideas about the meaning of sex are in constant flux Switch a decade cross a border or traverse class lines and the harmless pleasures of one group become the gravest crimes in another Combining meticulous research and lively storytelling The Boundaries of Desire traces the fast moving bloodsport of sex law over the past century and challenges our most cherished notions about family power gender and identity Starting when courts censored birth control information as pornography and let men rape their wives and continuing through the sexual revolution and into the present day when rape gay rights sex trafficking and sex on the internet saturate the news Berkowitz shows how the law has remained out of synch with the convulsive changes in sexual morality By focusing on the stories of real people Berkowitz adds a compelling human element to what might otherwise be faceless legal battles The law is made by people after all and nothing sparks intolerance

on the left and right more than sex Ultimately Berkowitz shows the emptiness of sanctimonious condemnation and argues that sexual questions are too subtle and volatile for simple catch all solutions **Manuals Combined: DoD Security Engineering Facilities Planning; Design Guide For Physical Security Of Buildings; Antiterrorism Standards For Buildings And Specifications For Active Vehicle Barriers** , Over 1 600 total pages Application and Use Commanders security and antiterrorism personnel planners and other members of project planning teams will use this to establish project specific design criteria for DoD facilities estimate the costs for implementing those criteria and evaluating both the design criteria and the options for implementing it The design criteria and costs will be incorporated into project programming documents **Proposed Construction, Operation, and Maintenance of Tactical Infrastructure, U.S. Border Patrol San Diego Sector** ,2007
