Pattern And The Prophecy Gods Great Code:

The Pattern & the Prophecy James Harrison, 1996-11-01 We live in perilous times the truths of Christianity are under daily attack Anti religious books are everywhere even in Christian bookstores Consider *The God Delusion* by Richard Dawkins *God is not great* by Christopher Hitchens or *The End of Faith* by Sam Harris These books and others are converting America to a secular atheist state Plus Islam is growing worldwide Fewer people identify themselves as Christians than in the past a decrease of 10 to 20 percent in just the last few years Young people are leaving the church in record numbers as many as 70 percent in a decade Intellectual skepticism is growing at an unprecedented pace as the truths of the Gospels are under daily assault What can we do Clearly we must confront these attacks and beat them at their own game reason and science James Harrison shows us how to do this in *The Pattern The Prophecy God s Great Code* At the core of all the sciences is mathematics The author proves God put as much mathematics into His Word as he placed in His Works Everyone knows the number of the Antichrist but who knows the number of Christ or the number of Jesus And how is Jesus number related to Noah to being born again and the resurrection And since fishermen never count fish what is the purpose of exactly 153 fish from John 21 11 Harrison reveals all this and much much more proving mathematics lies at the heart of God s Holy Word from Genesis 1 1 to Revelation 22 21 the Bible s first and last verses Armed with this absolute certainty Christians can convert any non believer As Isaiah 54 17 says No weapon forged against you will prevail After reading this book you will be an expert on the Bible s patterns numbers and symbolism You have never read like this before a book that comes along once in a lifetime to change lives forever This book is destined to become an American classic Look for yourself Included are many color photographs numerous illustrations bibliography proofs and three indexes scriptural number and subject Easy to read and informative this book will enrich the spiritual life of every Christian This book has garnered a consistent string of rave reviews here are two The author guided by the Holy Spirit connects Old Testament dates and history and connects them to New Testament reality straight forward to our days With even handed treatment that presents different views in an organized and logical form *The Pattern The Prophecy* is a great resource for putting the information into an easy to understand format and teaching eschatology The author is simply brilliant a scrupulous scholar and his point of view is based primarily on the Canonized Holy Scriptures although he is not afraid to gain insights from other sources of information This particular book plows new ground I need to re read it I think it s worth the time and effort Very thought provoking A must read for those who want to know the truth in a beautiful new eBook format Gerry Alabama Teacher If you want more understanding as you read the Bible read this book It proves that God is the Master Mathematician Actually I m not any good at math at all but I understand the basic concept Harrison is writing about As a matter of fact its easy to do this yourself For example In Chapter 8 I read that 153 is Jesus celestial number so I found out on my own that the word lamb s is in the Old Testament 153 times Jesus is the Lamb of God that takes the sin away from the world Also regarding the 144 000 Jews that

will be saved after the rapture I counted Jerusalem in the New Testament and it s in there 144 times I love this book Go for it you can find your own pieces of the God puzzle as I have God is letting us in on so many things Don t miss out Debbie Stopforth Graduate of Grace School of Ministry

God's Hidden Creation Numbers* Charles D. Landis,2008-07 This second volume of short stories continues to view man as the strangest of all creatures His actions are often dictated by reflex more often by needs and desires sometimes by well thought out plans and quite often by on the spot decisions Man often may seem the most irrational of all creatures and his deeds can make one wonder if he is as touted the highest form of life A man s thoughts are always more strange than his actions for thoughts have no physical or spiritual limits no set rules that must be followed no constraints that have to be obeyed and no fear of being discovered Within this small anthology of short stories you will have the opportunity to travel a variety of strange roads and meet an odd assortment of characters human and otherwise Some may disturb you some may frighten you some may even amuse you but they all will play with your mind to the degree that your imagination permits them to do so Trek through the jungle visit the quiet cemetery walk along the dark and lonely streets journey up the Alps travel those trails that lead to places that you will find on no map Give your imagination free rein and take hold of Angel Dark s hand and walk beside her But be careful Not everything is as it first appears and even someone as beautiful as Angel has her dark side

[A New Perspective on the Use of Paul in the Gospel of Mark](#) Cameron Evan Ferguson,2021-03-01 This volume presents a detailed case for the plausible literary dependence of the Gospel of Mark on select letters of the apostle Paul The book

argues that Mark and Paul share a gospel narrative that tells the story of the life death resurrection and second coming of Jesus Christ in accordance with the scriptures and it suggests that Mark presumed Paul and his mission to be constitutive episodes of that story It contends that Mark self consciously sought to anticipate the person teachings and mission of Paul by constructing narrative precursors concordant with the eventual teachings of the itinerant apostle a process Ferguson labels Mark s etiological hermeneutic The book focuses in particular on the various re presentations of Christ s death that Paul believed occurred within his communities Christ s death performed in ritual prefigured in scripture and embodied within Paul s person and it argues that these are all seeded within and anticipated by Mark s narrative Through careful argument and detailed analysis *A New Perspective on the Use of Paul in the Gospel of Mark* makes a substantial contribution to the ongoing debate about the dependence of Mark on Paul It is key reading for any scholar engaged in that debate and the insights it provides will be of interest to anyone studying the Synoptic Gospels or the epistles of Paul more generally
