Paul And The Law

E. P. Sanders

Paul And The Law:

Paul, the Law, and Justification Colin G. Kruse, 2008-07-01 Martin Luther drew a strong parallel between the religion of medieval Catholicism and the religion of first century Judaism against which his hero Paul contended. Luther asserted that both taught that salvation was earned by works of merit. E. P. Sanders challenged Luther's view of Judaism in his landmark work *Paul and Palestinian Judaism* (1977). Judaism was not in principle a religion in which salvation was earned through obeying the law; it was a religion based upon God's election and grace. The debate which Sanders initiated continues, issuing in a flood of articles and monographs. Dr. Kruse insists, however, that the issues raised in the debate must not be allowed to set the agenda. Instead, he takes the loner route of inductive exegesis, allowing each of Paul's letters to speak for itself before attempting a synthesis of Paul's teaching on the law and justification. He faces squarely and honestly the problems which Paul's attitude to the law raises, and he proposes thoroughly researched and considered solutions. His book is an important contribution to the ongoing debate.

Paul, the Law, and the Jewish People E. P. Sanders, 1983

Paul and the Law Brian S. Rosner, 2013-05-14 Brian S. Rosner seeks to build bridges between old and new perspectives on Paul with this biblical theological account of the apostle's complex relationship with Jewish law. Rosner argues that Paul reevaluates the Law of Moses, including its repudiation as legal code, its replacement by other things, and its reappropriation as prophecy and wisdom.

What are They Saying about Paul and the Law? Veronica Koperski, 2001 Veronica Koperski's addition to the much lauded *What Are They Saying About* (WATSA) series presents an overview of recent scholarly debate about Paul and the Law with attention to its historical roots. Chapter one treats scholars who basically remain within the tradition of Luther Bultmann, in asserting that the Law fosters a prideful attitude. Chapters two and three deal with the new perspective on Paul initiated with the publications of E. P. Sanders in the 1970s and 1980s. Chapter four presents scholars who, although sensitive to the work of Sanders, reiterate some of the traditional Luther Bultmann position. In chapter five, the focus is Paul's consistency, and chapter six explores scholarship opining that justification by faith can no longer be considered the center of Paul's theology.

Paul & the Law Frank Thielman, 1995-11-14 Responding to recent debate among scholars, Frank Thielman examines Paul's view of the law within the context of each of his letters.

Paul and the Law (2nd Edition) Heikki Raisanen, 2010-08-01 Anyone who has studied Paul knows that probably the most complex problem he develops is his view of the law and its purpose. The beauty of Raisanen's work is that he recognizes and respects this complexity without himself becoming too dense to understand. Raisanen finds that Paul's radicalized negative criticism of the law is peculiar to him, unparalleled in the NT and without precedent in Jewish thought. With careful, patient examination of various contexts, Raisanen leads his readers to see that Paul has an oscillating, even inconsistent view of the law. This book is well written in clear, readable English. It is an important book recommended to any serious student of Paul. Its strength is in Raisanen's willingness to abandon preconceptions of what Paul's view on the law should be, according to some consistent plan, and in allowing Paul to speak for

himself Mary Ann Getty in *The Catholic Biblical Quarterly* 1985 No 47 **Law in Paul's Thought** Hans Hübner, 2004-07-09

Until now Paul's theology has been treated in exegetical literature almost exclusively as a systematic whole. Here by contrast the attempt is made to show how Paul's theology can be adequately understood only when it is seen in relation to its development. There is a decisive process of theological development between Galatians and Romans which in turn must be related to Paul's biography. *Law in Paul's Thought* examines the relation between Paul's teaching in Galatians and Romans arguing that there is a major shift in emphasis between the two. An intriguing and concisely argued monograph it points to a striking discord within Paul's view of the Law and asks whether these differences should not be explained in terms of development in Paul's theology. Hübner skillfully traces the arguments and interconnections between arguments in the different passages illuminating Paul's theology from law.

Jesus, Paul, and the Law James D. G. Dunn, 1990-01-01 Drawing upon ten years of research experience the master scholar James D. G. Dunn presents a book on a major issue in the study of Christian origins: what were the attitudes toward Jewish law within earliest Christianity? This volume not only gathers the author's significant contributions to date but also includes new material. Divided into nine parts it is set in the wider context of a living dialogue and debate. The introduction maps out Dunn's extensive work in Pauline and Markan studies. The final chapter, *The Theology of Galatians*, serves as a summary of Dunn's current position on Paul and the law and brings the volume to a convincing conclusion.

Paul, the Law, and the Covenant A. Andrew Das, 2001 The now familiar new perspective asserts that the covenantal nomism characteristic of second temple Judaism softened the Mosaic law's requirement of perfect obedience. Because of God's gracious covenant with Israel manifested in election and the provision of atoning sacrifices one could be righteous under the law despite occasional failures to obey the law perfectly. This view concludes that Paul as a first century Jew could not have been troubled by the law's stringent demands because it was generally understood that the gracious framework of the covenant provided a way of dealing with occasional lapses. Consequently it is claimed Paul's problem with the law must have to do with its misuse as a means of enforcing ethnic boundaries and excluding Gentile believers. However as Das demonstrates in this book whenever the gracious framework of covenantal nomism is called into question the law's demands take on central importance. Das traces this development in a number of second temple Jewish works and especially in the writings of Paul. Covenantal nomism is probably an apt characterization of Paul's opponents and indeed of Paul's past life; thus he can assert that formerly he was blameless under the law. But now Paul sees God's grace as active only in Christ. He emphatically denies that God will show special grace in his judgment of Jews to do so would be favoritism. Similarly Paul sees no atoning benefit to the sacrificial system. In effect Paul is no longer a covenantal nomist. Since the gracious framework of the covenant has collapsed all that remains for Paul is the law with its oppressive requirement of perfect obedience and ethnic exclusivism. Contra the new perspective the works of the law should not be construed so narrowly as only the law's

ethnic exclusivity Christ is the end of the law in general both in the sense that he is the goal to which the law always pointed and in that he is the sole agent of God's grace apart from which the law's demands would be impossible **Paul and the Mosaic Law** James D. G. Dunn, 2001 This volume explores the perennial debate over Paul's understanding of and attitude toward the Mosaic Law Sixteen outstanding international scholars examine the key passages in the letters of Paul that deal with the Jewish law Their work not only provides a clearer view of the issues involved but also shows the range of interpretive approaches now being used in this important area of study Contributors John M G Barclay Stephen C Barton James D G Dunn Richard B Hays Martin Hengel Otfried Hofius Hans Hübner Karl Kertelge Jan Lambrecht Hermann Lichtenberger Bruce W Longenecker Heikki Rönkä Graham Stanton Peter J Tomson Stephen Westerholm N T Wright
