Roma In Romanian History:

The Roma in Romanian History Viorel Achim, 2004 **The Nazi Genocide of the Roma** Anton Weiss-Wendt, 2013-06-01
Using the framework of genocide this volume analyzes the patterns of persecution of the Roma in Nazi dominated Europe Detailed case studies of France Austria Romania Croatia Ukraine and Russia generate a critical mass of evidence that indicates criminal intent on the part of the Nazi regime to destroy the Roma as a distinct group Other chapters examine the failure of the West German State to deliver justice the Romani collective memory of the genocide and the current political and historical debates As this revealing volume shows however inconsistent or geographically limited over time the mass murder acquired a systematic character and came to include ever larger segments of the Romani population regardless of the social status of individual members of the community **The Romani Gypsies** Yaron Matras, 2015-01-06 Who are the Romani people Romani society Customs and traditions The Romani language The Roms among the nations Between romanticism and racism A modern Romani identity Appendix The mosaic of Romani groups *Local History, Transnational Memory in the Romanian Holocaust* V. Glajar, J. Teodorescu, 2011-04-25 This book explores the memory of the Romanian Holocaust in Romanian German Israeli and French cultural representations The essays in this volume discuss first hand testimonial accounts letters journals drawings literary texts and films by Elie Wiesel Paul Celan Aharon Appelfeld Norman Manea Radu Mihaileanu among others *From Chattel Slavery to Modern Slavery* Stuart Casey-Maslen, Loren Persi Vicentic, 2025-04-30 Chattel slavery in which people were considered as objects to be bought sold and destroyed dates back to the dawn of civilisation This work documents the legal basis for slavery and its many abuses across the ages by some of the main enslavers The voices of the victims and those who observed their plight are given prominence as personal histories in each chapter Slavery in the modern era includes enslavement by the Nazi regime and most recently of the Yazidis in Iraq and Syria by Islamic State Slave like practices often termed modern slavery are also included in a chapter of this volume The book ends with consideration of whether reparations for historic slavery should be made **Come Closer. Inclusion and Exclusion of Roma in Present Day Romanian Society** Gabor Fleck, Cosima Rughinis (Eds.), 2008 *Home-Land: Romanian Roma, Domestic Spaces and the State* Humphris, Rachel, 2019-03-26 In contemporary society passport checks at nation state borders are accepted But what if these checks were happening in our own home This book is the first intimate ethnography of these governing encounters in the home space between Romanian Roma migrants and local frontline workers Focusing on how the nation state is reproduced within the home the book considers what it is like to have your legal status your right to belong judged from your everyday domestic life In essence this book is about the divide between state and family home land and home and what it means for the new rules of citizenship *Open Borders, Unlocked Cultures* Yaron Matras, Daniele Leggio, 2017-07-28 The book examines some of the dilemmas surrounding Europe s open borders migrations and identities through the prism of the Roma Europe s most dispersed and socially marginalised population The volume

challenges some of the myths surrounding the Roma as a problem population and places the focus instead on the context of European policy and identity debates. It comes to the conclusion that the migration of Roma and the constitution of their communities is shaped by European policy as much as and often more so than by the cultural traits of the Roma themselves. The chapters compare case studies of Roma migrants in Spain, Italy, France and Britain and the impact of migration on the origin communities in Romania. The study combines historical and ethnographic methods with insights from migration studies drawing on a unique multi-site collaborative project that for the first time gave Roma participants a voice in shaping research into their communities. Holocaust Education E. Doyle Stevick, Deborah L. Michaels, 2017-10-02. Holocaust Education: Promise, Practice, Power and Potential provides timely studies of some of the most pressing issues in teaching and learning about the Holocaust around the world. Europe is experiencing both anti-Semitic attacks, many by radicals claiming the banner of Islam, and the resurgence of right-wing movements that are openly hostile to minority rights, particularly for marginalized and vulnerable groups like the Roma, Sinti and Muslim refugees. Can Holocaust education, an encounter with the most extreme racial ideology to afflict the continent, reduce violence and prejudice against Jewish and other minority groups? The important studies in this volume address these and other pressing issues for the field, including the progress of Central and Eastern European countries that experienced both Soviet hegemony and Nazi terror in grappling with the history of the Holocaust. This book was originally published as a special issue of *Intercultural Education*. Romania and the Quest for European Identity Cristian Cercel, 2019-03-15. Exploring the largely positive representations of Romanian Germans predominating in post-1989 Romanian society, this book shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European. The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future; that Iohannis belonged to Romania's tiny German minority was also considered to have played a part in his success. Cercel argues that representations of Germans in Romania, descendants of twelfth-century and eighteenth-century colonists, become actually a symbolic resource for asserting but also questioning Romania's European identity. Such representations link Romania's much-desired European belonging with German presence, whilst German absence is interpreted as a sign of veering away from Europe. Investigating this case of discursive self-colonization and this apparent symbolic embrace of the German Other in Romania, the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West-East relationships in the European context. This fresh and insightful approach will interest postgraduates and scholars interested in Central, Eastern and Southeastern Europe and in German minorities outside Germany. It should also appeal to scholars of memory studies and those interested in the study of otherness in general. **Beyond the New Romanian**

The Roma and the Holocaust María Sierra,2024-04-18 Half a million European Roma were exterminated by the Nazi regime many more were subjected to a policy of racial discrimination similar to that suffered by the Jewish people However the persecution and torment of Roma in Hitler s Europe has little presence in the history books *The Roma and the Holocaust* places the Roma genocide in the context of the widespread violence of the Second World War while offering an explanation that places it within a broader trajectory of anti Roma persecution in modern societies The book explores the separation and destruction of families the sterilisation of adults and children the plunder of property and deprivation of livelihoods slave labour medical experiments the horror of extermination camps and the mass murder that the Romani people were subjected to

uses the first section of the book to provide a much needed critical overview and synthesis of the fragmented research and scholarship in the area that has been conducted in various languages In the second section Sierra shines a light the autobiographical accounts of several Roma survivors of the Nazi genocide in order for the voices of the victims who have claimed recognition and rights for the Roma people to be heard This journey through the memories of Philomena Franz Ceija Stojka Lily Van Angeren Otto Rosenberg Walter Winter and Ewald Hanstein in addition to other testimonies is contextualized within the framework of other Holocaust survivors memoirs and has been approached from a history of emotions perspective With the Romani people having been denied recognition as victims of Nazism after the end of the war this book crucially helps to bring about agency for the survivors supporting their struggle for the right to memory in the process
