Romain Rolland Stefan Zweig, 2017-08-07 THE first fifty years of Romain Rolland's life were passed in inconspicuous and almost solitary labors Thenceforward his name was to become a storm center of European discussion Until shortly before the apocalyptic year hardly an artist of our days worked in such complete retirement or received so little recognition Since that year no artist has been the subject of so much controversy His fundamental ideas were not destined to make themselves generally known until there was a world in arms bent upon destroying them Envious fate works ever thus interweaving the lives of the great with tragical threads She tries her powers to the uttermost upon the strong sending events to run counter to their plans permeating their lives with strange allegories imposing obstacles in their path that they may be guided more unmistakably in the right course Fate plays with them plays a game with a sublime issue for all experience is precious Think of the greatest among our contemporaries think of Wagner Nietzsche Dostoevsky Tolstoi Strindberg in the case of each of them destiny has superadded to the creations of the artist's mind the drama of personal experience
