Harmon, 2006-08-01 Towards Baptist Catholicity Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity's dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today *The Bible Documents* David A. Lysik, 2001 This is a collection of the church's most important contemporary documents on the scriptures This book gathers together church teachings to guide our reflection on the nature of the scriptures their interpretation and their application to our times from back cover **What is it that the Scripture Says?** Philip McCosker, 2006-01-01 A volume of essays that celebrate and pay tribute to the enormous contribution to scriptural studies that Henry Wansbrough has made over the last 50 years *The Oxford History of Modern German Theology, Volume 1: 1781-1848* Grant Kaplan, Kevin M. The Reception of Vatican II Matthew L. Lamb, Matthew Levering, 2017-02-09 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians But the meaning of the Second Vatican Council has been fiercely contested since before it was even over and the years since its completion have seen a battle for the soul of the Church waged through the interpretation of Council documents The Reception of Vatican II looks at the sixteen conciliar documents through the lens of those battles Paying close attention to reforms and new developments the essays in this volume show how the Council has been received and interpreted over the course of the more than fifty years since it concluded The contributors to this volume represent various schools of thought but are united by a commitment to restoring the view that Vatican II should be interpreted and implemented in line with Church Tradition The central problem facing Catholic theology today these essays argue is a misreading of the Council that posits a sharp break with previous Church teaching In order to combat this reductive way of interpreting the Council these essays provide a thorough instructive overview of the debates it inspired
