*Roman Pentecost* Ian Davie, 1970      **Pentecost** Emilio Alvarez, 2023-04-25 Pentecost is one of the most misunderstood days on the church calendar In this Fullness of Time volume Emilio Alvarez offers us a rich biblical and theological introduction to the day of Pentecost and sets it in its liturgical context not only in the Protestant tradition but also in Catholic Orthodox and Pentecostal expressions      The Collects of the Roman Missals Lauren Pristas, 2013-08-01 This study examines the collects assigned to the Sundays and major feasts of the proper seasons in the ordinary and extraordinary forms of the Roman rite The Latin collects assigned to each day in the typical editions of the respective missals are compared and contrasted both with their respective sources and with one another Pertinent discussions and decisions of the Consilium study groups responsible for the post Vatican II revisions of the liturgical calendar and Mass collects are also presented and considered The goal of the study is to determine whether the two sets of collects present the same picture of the human situation approach God in the same way seek the same things from him and where they do not to identify significant changes in theological and or spiritual emphases      **Roman Festivals in the Greek East** Fritz Graf, 2015-11-05 This book explores how festivals of Rome were celebrated in the Greek East and their transformations in the Christian world      **The First Christians in the Roman World** E. Keown, 2021-12-23 Romans is a missional document Yet strangely while many recognize the missional aspects of Romans few monographs are totally devoted to unpacking Romans from a missional perspective Romans and the Mission of God does this very thing Part one explores the background of the letter with an eye to positioning Romans in the story of the mission of God the apostle the Roman world and the early church Part two considers how Romans is a contextually shaped presentation of the gospel A range of other aspects of the way in which Paul shapes his message for the Romans are explored including salvation history metaphors and rhetorical techniques and aspects of the letter including elements opposed to God salvation ideas human response ethics and Christian living and the eschaton Part three delves into issues that arise in Romans that are important for contemporary mission These include such things as the cosmic scope of the mission the gospel as the power of salvation who does evangelism the miraculous social justice ecology social transformation generosity and hospitality God's sovereignty and human volition prayer the State culture Israel apologetics and theological thinking This is a must read for those serious about Paul Romans and God's mission      The 2010 Astrotheology Calendar D. M. Murdock, Acharya S, N. W. Barker, 2009-09 This calendar charts holidays from ancient Egypt Greece Rome and elsewhere into the modern era to demonstrate not only the ancient astromythology and nature worshipping religion but the comparisons between Hinduism Buddhism Judaism Christianity Islam and others      **Music, Medicine and Religion at the Ospedale Di Santo Spirito in Rome** Naomi J. Barker, 2024 Explores the use of music as therapy and shows how it operated in the hospital's institutional social and historical contexts undergoing change in response to broader

cultural and religious movements This book explores connections between the physical care of the sick based on the study of medicine concepts of healing founded on religious thought and the practice of music at the Ospedale di Santo Spirito Hospital of the Holy Spirit in Rome The hospital was a unique institution that was regulated by the Roman Catholic Church but simultaneously reflected the significant shifts in scientific thought emerging during the period that coincided with post Tridentine reforms in the church The volume discusses the hospital s foundation architecture and links with the papacy It also reflects on the then acceptable ways of knowing informed by religious concerns and medical traditions The tripartite relationship between religion medicine and music within the institution was complex At times they existed side by side at others they intersected Drawing on extensive archival research such as financial records decrees records of apostolic visits and inventories as well as surviving musical sources printed and manuscript the book makes connections between intellectual beliefs about music and actual musical practices It explores the early use of music as therapy and investigates the musical ideals and practices of the monastic regime which ran the hospital In a wider sense the book shows how music operated in the hospital s institutional social and historical contexts and how it underwent change over time in response to broader cultural and religious movements

Bible Missals and the Medieval Dominican Liturgy Innocent Smith,2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first comprehensive analysis of the codicology and contents of Bible Missals Mostly produced in the first half of the 13th century by professional book makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament      *The*

*Carolingian Sacramentaries of Saint-Amand* Arthur Westwell, 2024-08-06 The series of beautiful sacramentaries made at Saint Amand in the later ninth century offer us unique insight into an early medieval scriptorium at work These manuscripts contain principally the prayer texts for the celebration of the Mass a ceremony which stood at the centre of monastic life in this period They display how this largely neglected genre discloses creativity and initiative on the part of the monks of Saint Amand who reorganised and re composed this especially versatile literature They made their books uniquely comprehensive and full of insight into how the mass liturgy was re made at a critical period in its development This innovative study makes these sources accessible for the first time In depth study of script decoration and content enables a new appreciation of the context in which the deluxe Saint Amand manuscripts were produced It foregrounds ecclesiastical patronage the political and intellectual dynamics at the waning of Carolingian power and the intensive collaboration of scribes artists and liturgical composers as well as the unique ways liturgical manuscripts can inform our understanding of medieval life and thought
