Roman Suhrkamp Taschenbuch Pb 1996

Margot Wiesner

Roman Suhrkamp Taschenbuch Pb 1996:

Imprisoned by History Martin L. Davies, 2009-12-04 This book analyzes what history does in contemporary culture It argues that contemporary society is in historical terms already historicized shaped by history and thus history loses sight of the world seeing it only as a reflection of its own self image By illustrating the ways in which history enforces socially coercive attitudes and forms of behavior the author argues that history is in itself ideological and exists as an instrument of political power Contending that this ideological function is the normal function of professional academic history he repudiates the conventional view that only biased or bad history is ideological By finding history projecting onto the world and getting reflected back at it the exacting history focused thinking and behavior on which the discipline and the subject rely he concludes that history's very normality and objectivity are inherently compromised and that history works only in terms of its own self interest

Urban Religion Jörg Rüpke, 2020-02-24 So far religion has been seen as cause for dramatic developments in the history of cities it has contributed to the monumentalisation of centres and or has given importance to ex centric places Very recently anthropologists have been discovering religion in the contemporary global city But still awaiting historical investigation is the specific urban character of religious ideas practices and institutions and the role of urban space shaping this very religion in the course of history The time span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of religion and witnessed extended waves of urbanisation Rome being central to this In addressing this problem this book fills a significant gap in the scholarship on urban religion across time Taking seriously the proposition that space is condition medium and outcome of social relations the development of urban religion in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism The key thesis is that city space engineered the major changes that revolutionised religions This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life R pke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite Monica L Smith author of *Cities The First 6 000 Years* J rg R pke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled *Urban Religion* offers no single overarching thesis but it is consistently thought provoking and suggests many intriguing lines of investigation for the future

Greg Woolf Institute of Classical Studies London

Historics Martin L. Davies, 2007-05-07 From an author at the forefront of research in this area comes this provocative and seminal work that presents a unique and fresh new look at history and theory Taking a broadly European view the book draws on works of French and German philosophy some of which are unknown to the English speaking world and Martin L Davies spells out what it is like to live in a historicized world where any

event is presented as historical as or even before it happens Challenging basic assumptions made by historians Davies focuses on historical ideas and thought about the past instead of examining history as a discipline The value of history in and for contemporary culture is explained not only in terms of cultural and institutional practices but in forms of writing and representation of historical issues too Historics stimulates thinking about the behaviours and practice that constitute history and introduces complex ideas in a clear and approachable style This important text is recommended not only for a wide student audience but for the more discerning general reader as well

German books in print ,2003 **Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen** ,2009 **Time and History** Friedrich Stadler,Michael Stöltzner,2013-05-02 This wide ranging collection of essays contains eighteen original articles by authors representing some of the most important recent work on Wittgenstein It deals with questions pertaining to both the interpretation and application of Wittgenstein s thought and the editing of his works Regarding the latter it also addresses issues concerning scholarly electronic publishing The collection is accompanied by a comprehensive introduction which lays out the content and arguments of each contribution Contributors Knut Erik Tran y Lars Hertzberg Georg Henrik von Wright Marie McGinn Cora Diamond James Conant David G Stern Eike von Savigny P M S Hacker Hans Johann Glock Allan Janik Krist f Ny ri Antonia Soulez Brian McGuinness Anthony Kenny Joachim Schulte Herbert Hrachovec Cameron McEwen *Verbrannte Bücher, verfemte Dichter* Margot Wiesner,1983 Arts & Humanities Citation Index ,1996 **Verzeichnis lieferbarer Bücher** ,1999 **National Union Catalog** ,1973 Includes entries for maps and atlases Erzählte Welt Eckhard Höfner,Konrad Schoell,1996 **Deutsche Vierteljahrsschrift für Literaturwissenschaft und Geistesgeschichte** ,1984 Vols 1 2 include section Eingesandte b cher **Bücherei und Bildung** ,1989 Buch und Bibliothek ,1989 Fachzeitschrift des Vereins der Bibliothekare an ffentlichen B chereien Deutschland Archiv ,1972 **"Doch das Paradies ist verriegelt--"** Elke Gilson,2006 *Die Furche* ,1996-07 **Westermann's Jahrbuch der illustrierten deutschen Monatshefte** ,1980 Westermanns Monatshefte ,1980 **Zirkular** ,1980
